REPORTS: Variance Report

Tom Henry gave update on an email he received from Heidi White. PCCD is making good progress. The agenda reflects this. Items highlighted red are still pending. Items highlighted green have been completed.

1. Susan Rinne -- Variance Report
   Susan Rinne reported that she ran an extract from the system. Revenue has not changed. On the expenditure side, January payroll has posted. Regarding the payment back to the feds for financial aid of $496K, the amount will be posted next week. Susan will be working out the details regarding making payment arrangements going forward. Susan noted that MaryBeth B discovered a debt for Sheriff Dept. that was not in the budget augmentation request. The amount had not been budgeted. Payments have only been made for 4 months. The amount is $270K per month, totaling close to $3.2M. There is only $50K left in the budget. MaryBeth B will work with Corey W and follow up at the next meeting.

2. Jim Grivich -- Site Variance Report
   Jim Grivich reported that he will be sending out the site variance report by the end of the week to all campuses. It will be available for next week’s meeting.

Open Discussion:
- MaryBeth B noted in addition to the debt with Sheriff’s Dept there is request for $50K for Securitas Security Services. The security company had been contracted when the district reduced the Sheriff services on the weekends.
- For future budgets, program code in the accounting string should be identified for summer. Susan R to follow up in developing 09/10 budget.
- In regards to the OPED debt service payment, Tom H asked if there was a plan. Chancellor Harris noted that as of May 1st the amount would be $6M. He assumed it goes into special reserve #2 which should offset the cost of the retiree benefits. Further discussion regarding this item will be discussed on Friday’s meeting. Susan R will call Tom Smith and ask if he was aware of any schedule or if the board had designated that money. Dr. Allen noted that the account for medical coverage reimbursements maybe another source for funds. The account should have over $1M and should be factored in. Jennifer Seibert would be the contact person.
• Tom H noted on the last page of the variance report the items in orange font will increase provided we do not find offsetting revenue.

Gail S. and Jerry K were able to reclassify the amount will be depreciated within time and the difference comes under $50K. Auditors are satisfied with the schedule as long as the June 30 2009 balance is accurate and reasonable.  
4. There maybe testing for the months past June 30, 2009. |

Open Discussion:
- Jacob N. had to leave early but presented notes regarding his items as point person. An electronic copy will be provided as well.
- Tom H revisited the variance report with Trustee Withrow regarding the sheriff's debt issue. Sadiq I. mentioned that Yonne Dorough had not loaded the budget in time. Tom H noted that they plan to revisit this going into next year. Chancellor Harris noted PCCD is spending what they anticipated to spend regarding the sheriff's services. It is consistent with what we pay every month. Tom H will look at the operating budget amount. The budget will reflect what the expense was.
- Dr. Allen noted additional funds may be available in the Easy Pass account.
- Chancellor Harris requested thoughts on spending freezes from Tom H.
- Sadiq I suggested revisiting the cut off date for supplies, opposed to waiting till the end. Normally 32% is spent that may not be needed.
- Tom H suggested freezing in 4,5, and 6's.

Open Discussion:
- Tom H reported on the structural deficit. 85% of the budget is in salaries and benefits. He suggests an open discussion regarding reduction cuts from 3% to 5%. Committee should begin thinking about a 3% cut scenario and a 5% cut scenario. Do not fill vacant positions unless it is an emergency.
- Chancellor Harris noted the campuses already have a 3% cut in reduction. He hopes with cuts at the district level, 5% will be reached overall.
- Tom H emphasized cutting 4, 5, and 6’s at the district level and site level. A memo should be sent out to all district and campus offices regarding the freeze.
- Dr. Allen added that with the memo, exceptions will only be approved by the campus presidents. There will always be exceptions but it will slow the spending down.
- Tom H advised that there are unknowns relative to expenditures and revenue. Colleges all over the state are weighing in at the State Chancellor’s office.
- Dr. Allen reported that a reduction in 1351 is already done; $880 M. All faculty positions are already frozen.
- Debbie B added this year was the first year 1351 was frozen. The recommendation is the same for classified.
Dr. Allen added all was taken out and made allocations from the district level.
Tom H explained everyone has to be consistent when speaking with ACCJC. Managers will be interviewed.
Jim G recommended Chancellor Harris should send memo regarding these changes.
Jim G and Tom H recommended campuses should be subject to the same rules regarding categoricals and grants.

Closing:
Tom H met with the State Chancellor's office. March deferrals will not be happening. 2.7% growth no cola. Eric Skinner cautioned this maybe revisited.
Everyone is making progress -- great job.
