Dependent Eligibility Audit FAQ 21: My dependents and I are enrolled in benefits. What if I miss the audit deadline? Will my dependents be dropped?

The purpose of the audit is not to drop dependents. The purpose of the audit is to ensure that eligible dependents continue to meet the eligibility criteria. We realize that documentation collection may take some time and there may be unique circumstances to consider. Please be assured that your eligible dependents will not be dropped if you miss the November 11, 2016 deadline.
