Dependent Audit Results-The results of the dependent audit are in!

- During spring 2010, the District engaged the services of CoreSource to verify the eligibility of dependents covered on our medical and dental plans.
- As a result of our dependent audit, we expect considerable savings in benefit costs for non-eligible dependents.

Going forward, we require documentation of new dependents added to a Peralta group insurance plan. Visit the [peralta benefits website](http://www.peralta.pswbenefits.net) for a list of acceptable documentation.

Change of Life & LTD Carrier to ING/Reliastar, effective September 1, 2010-Meet the new representatives on Thursday, August 19 during Professional Development Day

In another cost reduction effort, we are changing our life insurance and long-term disability plan vendor from The Hartford to ING/Reliastar. We expect to save over \$160,000 in District premium costs in the coming year. There is no change to benefit coverage only to the service provider.

What does the vendor change mean for you?

- New disability and life insurance claim forms will be available on the PCCD website no later than September 1, 2010.
- Eligible employees will receive a home mailing of the updated benefit certificates.

❖Life Insurance:

- Current beneficiary designations will remain in effect
- Covered employees & retirees will not need to complete a new beneficiary designation form. New forms will be available online and mailed upon request.

Special Note: changing your employer-paid life insurance does not concurrently change other beneficiaries with CalPERS or CalSTRS. Contact each respective agency directly regarding beneficiary designation changes.

❖Long-Term Disability:

- September 2010 paycheck will reflect the new, reduced premium
- Disabilities incurred on or after September 1, 2010 will be administered by ING

The Hartford will continue to administer and manage claims for current disabilities, employee and dependent life insurance claims incurred on or before August 31, 2010.
