Alameda County Office of Education joins forces with UC Curriculum Integration to host a UCCI Institute to create five program-status courses that will fulfill UC ‘a-g’ requirements in the following CTE areas:

1. Engineering integrated with English 10, to be approved in the English ("b") subject area for UC
2. BioMed integrated with English 10, to be approved in the English ("b") subject area for UC
3. Law & Public Service integrated with English 10, to be approved in the English ("b") subject area for UC
4. Information and Communication Technologies integrated with Geometry, to be approved in the Math ("c") subject area for UC
5. BioMed integrated with Integrated Math 2, to be approved in the Math ("c") subject area for UC

The UCCI Institute brings high school and college faculty together to create innovative high school courses that integrate traditional academics with Career Technical Education (CTE). Courses created at the Institutes are submitted for approval in the corresponding “a-g” subject area; once approved, UCCI courses are made available on the UCCI Course Catalog for any California high school to teach.

UCCI/Alameda COE Institute Details:
When: June 23 – 25, 2015
Where: Alameda County Office of Education
313 W. Winton Ave, Hayward, CA 94544
Deadline to apply: May 24, 2015
Stipend: $600 total for the full 3 days
-Due to the nature of the institute we can only accept people who can commit to the entire 3 days

Can’t make the UCCI Institute?
Don’t worry! You can come build a course out in August...

Step 1 is listing a course in the UCCI catalog. 
Step 2 is building out the course.

Create the units, choose specific resources, identify activities and assessments so that teachers have a solid curriculum guide to follow when teaching the course. This is a powerful collaborative venture. Teachers and community college faculty will share their expertise and learn from one another as they design the learning pathways.

The Course Buildout Collaborative (CBC) is open to any teacher in the subject area of the specific course as well as CTE teachers or specialists who work in the specific CTE area of that course.

Any course that is listed in the UCCI Catalog can be submitted for buildout during the CBC. The priority will be on courses that we created during the June UCCI Institute, but others will be considered as interest and staffing permit.

CBC participants will not only work together to design their course but also participate in pathway specific “externships”. Teachers will visit with industry sites specific to their pathway.

Course Buildout Collaborative Details:
When: August 3 – 14, M-F (10 days)
Where: Site(s) TBD
Deadline to apply: May 24, 2015
Stipend: $200 per day
-Plan to attend at least 8 of the 10 days
-Participants who attend BOTH the UCCI and the CBC for the full 13 days will be paid a total of $3000 for the 13 days (~$230 a day)
