SPRING 2013
The Marion Petrecca Tadlock Memorial Health Careers Award

Marion Petrecca Tadlock lived a life of service to others as a registered nurse, as an educator, as a wife and a mother, and as a responsible and active citizen of her community. The legacy she leaves is a world better for her professional competence, her responsibility to duty, her strong belief in ethical principles, and the warmth and vitality she shared with all she touched. She believed that those she served had a right to the best her talents could provide, and she never gave less. In her memory, these qualities are being recognized in others who are following similar paths of service. The health careers faculty of the Peralta Community College District will choose those students most closely following the precepts by which she lived.
