

California Facility Bond Measure For November 2016

I just returned from an Annual Conference for Community College Facility Coalition (CCFC) that was held in Sac City. One of the major topic of discussions is State Funding of Capital Projects for November 2016 Ballot Measures.

The total amount on the Proposed Ballot is: \$9 billion dollars with \$2 billion being earmarked for community colleges. If successful, it will impact the Laney College Library/LRC, the Merritt College Child Development Program and other FPP's that have been approved by the State Chancellor's Office.

CQS School Bond Initiative Qualifies for Ballot: It was announced this morning that after close of business yesterday, the Californians for Quality Schools (CQS) state school bond initiative has received enough signatures to officially qualify for the November 2016 ballot. Additional information will be forthcoming in the days ahead.

Sincerely,

Sadiq B. Ikharo, Ph.D., Vice Chancellor

On the heels of a fantastic 2015 CCFC Annual Conference, we have good news!

The state school bond initiative sponsored by the Coalition for Adequate School Housing (C.A.S.H.) and the California Building Industry Association (CBIA) has been certified eligible (i.e. qualified) for the November 7, 2016 general election ballot. This means voters will have the opportunity to consider approving a \$9 billion state school bond, including \$2 billion for community college facility projects and \$7 billion for K-12.

The next step is to begin the campaign effort to pass the bond. CCFC supports this effort, and we look forward to your support as we work toward a successful outcome on election day.

~ Rebekah Cearley
