Instructions for Accessing the ePAF Site

The ePAF system is accessible from any computer with internet access.

FROM A COMPUTER WITHIN THE PCCD COMPUTER NETWORK

If you are physically located at any of the colleges or at the district office and you are working from a computer connected into the district’s secure administrative computer network, you may access the ePAF site by simply typing the word *epaf* in the address bar on your computer browser. You may also use the following URL: [http://epaf/Peralta/Login.aspx](http://epaf/Peralta/Login.aspx).

This is the initial login screen. Go to page 4 for login instructions:

If you are physically located at any of the colleges or at the district office, but you are accessing the internet through an open wireless connection, you will not be able to access the ePAF site in this manner. Likewise, if you are in a student lab or working on a computer that is connected to the internet through the educational network, you will not be able to access the ePAF site in this manner.

Instructions for accessing the ePAF site from outside of the district’s secure network begin on the next page.
Instructions for Accessing the ePAF Site

FROM A COMPUTER OUTSIDE OF THE PCCD NETWORK

If your computer is not connected to the district’s administrative computer network, you can still access the ePAF site through the District’s web VPN (virtual private network). Start by visiting a page within the peralta.edu web domain. Try http://web.peralta.edu/. At the top of the page is a link to the “MyPeralta” site.

Click on that link and it will take you to the following page. Select the “Faculty & Staff” link.

It will take you to the page below. Select the PROMT/Passport by WebVPN link: (http://access.peralta.edu).
Instructions for Accessing the ePAF Site

The screenshot below shows the next page you will see. Follow the instructions by entering your username (don’t type @peralta.edu) and your password.

![Login Screen]

Click “Continue” on the next screen.

![Restricted Access Screen]

On the next screen, you should see links to a number of applications that depends on your specific access. In order to access the ePAF site, you should see the following link. Click on this link.

![ePAFS Screen]

You should then be directed to the ePAF login screen.
Click on the login button.

You will be prompted to log into the ePAF system. This time, type in your full email address and then enter your password. After you are authenticated, you should see the following page, which is confirmation that you are in the ePAF site.
