CLASSIFIED JOB DESCRIPTION

DSP&S ADAPTED COMPUTER LEARNING TECHNICIAN
(SEIU Local 1021 Salary Range 083)
Job Code: 858

CLASS PURPOSE
Under general supervision of the Vice President of Student Services and general coordination by the DSPS Coordinator, provides instructional assistance to students with disabilities and provides technical computer support to students with disabilities in DSPS programs.

WORK SCHEDULE
This is normally a full-time position with a work schedule of five days and 40 hours/week. Duties are performed 12 months a year. May be required to work some evenings and Saturdays during peak periods, such as registration, audits, fiscal year end, graduation, etc.

EXAMPLES OF ESSENTIAL DUTIES:
Any one position may not include all of the duties listed nor do listed examples include all tasks which may be found in positions of this class. To perform this job successfully, an individual must be able to perform each essential duty of the position satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions required for the position.

• Assists classroom instructors in the performance of their duties, in the supervision of students, and instructional tasks.
• Tutors and problem solves with students with disabilities enrolled in the High Tech Center.
• Participates in in-service and other training activities which lead to understanding of how disabilities affect the learning process and can be ameliorated and with adaptive technology.
• Performs skilled technical work in the installation, configuration, and maintenance of stand alone and networked computers with adaptive technology.
• Attends training and uses other approaches to learn new adaptive hardware and software.
• Troubleshoots problems with adaptive hardware and software, and resolves conflicts and compatibility problems with standard software and operating systems.
• Assists students and college personnel working with adaptive technology in College mainstream instructional computer labs and the College Library in collaboration with Alternate Media Technology Specialist.
• Works with campus network technicians and the network coordinator in resolving technical problems related to adaptive technology.
• May maintain inventory of DSPS license agreements and updates PC platforms and software packages.
