1. Cohorts are defined as students taking the initial course in the Fall term of the specified cohort year.
2. Counts are unduplicated; students may have attempted and/or succeeded in a course more than once; multiple attempts and multiple successes at each level are counted only once.
3. Cohorts are followed for 11 terms (including summers) after the initial term, i.e., for a four-year period. For example, the Fall 2004 cohort is followed from Fall 2004 through Summer 2008.
4. Students are tracked for courses after the initial level at all four colleges.
