<td>CREDIT CARD REFUND for online pymts. Some students are charged multiple times when attempting to make an online pymt. Doesn't happen for all students. Can't determine why some students and not others.</td>
<td>Approximately 400 students made pymts on line. System timed out. Then student made multiple pymts to correct. Mutiple pymts charged to students' cards.</td>
<td>Per Dominique: IT resolved this problem on January 5, 2011. Students are no longer being double charged via online credit card processing</td>
<td>IT's efforts to optimize the database may have a positive influence on this issue. Additionally, IT will assist with Dominique's queries with the processor.</td>

<td>THIRD PARTY pymts. May not be configured correctly at some campuses.</td>
<td>It is posting to the incorrect area of GL (i.e. going to pymts instead of third party.)</td>
<td>Bursars have come up with a make shift method of billing because the system does not accommodate the need. This will be addressed after the bank reconciliation reports for auditors which has priority</td>
<td>Dominique is preparing training documents on configuring 3rd party contracts.</td>
