ADDENDUM No. 3

Re: 13-14/11 Integrated Education, Facilities and Technology Master Plans

The following corrections have been made to the above referenced RFP/RFQ:

a. Omit the original “Fee Proposal” Worksheet (Page 26-28) of the original proposal packet and re-submit Addendum No.3 (“Revised Fee Proposal”) on or before February 3, 2014 at 4:00 p.m. The revised worksheet must be submitted to the District in a sealed envelope and addressed to:

Peralta Community College District
Purchasing Department
501 5th Street
Oakland, California 94606
Attn: Marie Hampton, Director of Purchasing Services

Failure to comply with completion and submittal of Addendum No. 4, “revised” fee proposal may result in disqualification of your RFQ/RFP response due to non-responsiveness.

b. Change the “Technology Plan Scope” which references preparation of updated/updated/revised Technology Plans as part of the updated/revised Integrated Education Master Plan & Facilities Master Plan (“EMP/FMP RFQ”) for each of the District’s Colleges. The District’s RFQ 13-14/10 District-Wide Strategic Planning (Including Technology Planning) (“Strategic Planning RFQ”) also references preparation of updated/revised Technology Plans as part of the updated/revised District-Wide Strategic Plan. The intended scope of updated/revised Technology Plans for the EMP/FMP/RFQ and the Strategic Planning RFQ are described below:

1. RFQ 13-14/11 EMP/FMP RFQ Technology Plan. The updated/revised Technology Plans to be incorporated into the updated/revised EMP/FMP for each of the District’s Colleges is to identify specific Technology Plans and the measures, actions and other activities necessary to implement the specific Technology Plans for each of the District’s Colleges based on the guiding principles and policies enumerated in the updated/revised District-Wide Technology Plan prepared pursuant to RFQ 13-14/10.

2. RFQ 13-14/10 Strategic Planning RFQ Technology Plan. The updated/revised Technology Plan to be incorporated into the updated/revised District-Wide Strategic Plan pursuant to RFQ 13-14/10 is to establish Technology Plan guiding principles and policies on a District-Wide basis.
There are no other changes to RFQ/RFP 13-14/11.
