

Peralta Community College District

ENVIRONMENTALLY SUSTAINABLE PROCUREMENT

It is the policy of the Peralta Community College District (Board Policy 2.40, Environmental Sustainability), to purchase products or services that help to minimize the adverse effects on human health and the environment, when compared to other products and services that serve the same purpose with comparable efficacy. The District recognizes that environmentally responsible purchasing will help create and sustain markets for environmentally sustainable products, and is committed to encouraging the procurement of environmentally sustainable products, such as products with high recycled content, remanufactured products, FSC certified lumber, Energy Star rated equipment, low and no VOC paints, low-toxicity cleaning supplies and Green Seal approved chemicals, locally sourced organic/sustainably grown foods, compostable utensils, non polystyrene food containers, non petroleum-based inks, and will promote contracting with businesses in close proximity, to reduce our carbon footprint and to promote the District's SLBE program.

The District's formal Environmental Sustainability Policy 2.40 is available for download at:
