Questions

1. We do not handle hazmat and, as a matter of company policy, we do not subcontract that out. Would the college consider contracting direct with a 3rd party for the handling of all hazardous materials?

Response: No.

2. Can you provide the value of the product being handled by the moving contractor?

Response: No.

3. Will Merritt consider excluding liability for consequential damages arising out of the negligence of the bidder and agree to a \$500/day liquidated damage provision for any delays caused by the negligence of the bidder instead?

Response: No.
