9. **Consider Approval of Sabbatical for Nola Hadley Torres**  
   **Presenter: President Budd**

Consider Approval of Sabbatical for Nola Hadley Torres. Nola Hadley Torres, Ph.D. in the history department was ranked one of the highest of BCC’s applicants. She was selected for one-semester sabbatical leave (Spring 2015). The applicant successfully completed a two-step process outline in the PFT contract (http://pft1603.org/wp-content/uploads/2013/04/PFT_contract_07-09.pdf)

The Chancellor recommends approval.

10. **Consider Approval for Laney College to accept a one-year contract from Southern California Edison.**

Consider approval of the addendum to the contract between Randolph Belle Consulting Services and Laney College for an amended amount of $35,000. The original contract amount of $24,500 was insufficient to cover all services needed. An Independent Contractor/Consultant Services Contract (#14895) was entered with the Consultant during the Fall 2014 semester for $24,500, however, given the great need on the campus for the type of service he provides, the requested addition of the $35,000 will bring the amount of the consultant’s contract to a total of $59,500 for the current fiscal year, and will allow him to complete many important projects required during the Spring 2015 semester.

All Board recommended contracts are subject to final negotiation and execution by the Chancellor. The Chancellor recommends approval. **Funding Source: Fund 10**

This addendum is in fulfillment of the project objectives of the Title III Strengthening Institutions Program grant funding.

All Board recommended contracts are subject to final negotiation and execution by the Chancellor. **Funding Source: Title III Strengthening Institutions Program grant, no impact on General Fund.**

California Code of Regulations Section 58307 limits the District’s expenditures to the amount appropriated for each major expenditure classification as approved by the Board of Trustees through the adoption of the District’s annual budget or as amended by subsequent budget transfers or revisions. Due to this statutory control language, budget transfers that move budget authority between major object codes or classifications must be approved by the Board of Trustees. The budget transfers presented are requests originating from the Colleges’ or District’s departments during the ordinary course of operations and do not significantly alter the final budget that was approved by the Board of Trustees on September 9, 2014. The Chancellor recommends approval.

The ENS is an automated, robust, interactive, reliable high-speed notification system that will notify District students, faculty, staff, and visitors of emergency incidents. This system will enable them to respond quickly and safely to any emergency incidents with the objective of distributing information to anyone, anywhere, anytime, on any device at each District location. The functions of the ENS are as follows: improve safety and security; protect student, staff, and administrators; deliver speedy emergency messages instantly; perform reliably; provide integration and supportability; and reduce tasks. The vendor will offer the following solution types and deployment models: off-premise and on-premise servers; off-premise hosted and shared software; and data to be owned by the District in both models.

28. **Approval of Resolution 14/15-20 to Accept the Bid and Award a Contract to Sposeto Engineering Inc. for the Merritt College Site Improvements Project (Bid No. 14-15/17).** **Presenter: Vice Chancellor Ikharo.**

Approval is requested to accept the bid and award a contract to Sposeto Engineering Inc. for the Merritt College Site Improvements Project (Bid No. 14-15/17), in the amount not-to-exceed $126,000. The existing exterior asphalt stairway and wood handrail east of Building D, has badly deteriorated and poses a safety hazard to all users. The existing stairway does not meet current construction requirements as required by the California Building Codes. Also, the existing handrails do not meet the Americans with Disability Act (ADA) standards. Due to these reasons, construction improvements are required to meet these standards. This work will involve the demolition and reconstruction of the new stairs that will comply with the current construction code. This construction work is imperative to provide a safe passageway from the east side of the building, which is an exit in case of emergency.

The construction work will consist of partial demolition and replacement of an existing exterior asphalt walkway and asphalt/wooden stairway and handrail in Building D at Merritt College.

This project is one of the emergency projects that were approved by the Chancellor on February 26, 2014, and by the Board of Trustees on March 11, 2014. In compliance with the Public Contract Codes, Section 20651, formal competitive bidding was conducted for this project. A Notice to Bid for the project was advertised in newspaper publications of general circulation on November 21st and 28th, 2014. A mandatory bidder’s conference was held on December 4, 2014.
A total of nine (9) contractors attended the pre-bid conference. A total of two (2) proposals were received, as follows:
