Board members may request that items on the consent calendar be removed to be addressed separately on the Action Calendar. Changes to the agenda are to be approved by a majority of the Board. The Board may move to the Action Calendar items with public speakers.
MOTION: Motion by Trustee Riley, second by Trustee Withrow to approve Agenda with the following amendments:

Agenda Item 1 has been removed from the agenda

Agenda Item 2 has the following corrections under board comments: Trustee Gonzalez Yuen was appreciative of the report from the Berkeley City College student government and reported that a number of students and faculty from Berkeley City College had attended the De Anza College Campus Camp Wellstone that he had organized as part of a program of training students for civic engagement and political empowerment. On pages 5 and 6 on the presentation regarding student success data: ...if it was useful as historical data? Trustee Gonzalez Yuen commented that the data being reported is not very helpful from the perspective of bringing about actual institutional practices because it is 5 years out of date and does not give us timely feedback on any innovations or interventions we may be attempting in our current classrooms or student services programs. He asked what the District was doing to integrate its research program with our on-the-ground efforts to improve student success and argued that we need to redesign our institutional research mechanisms to make them more helpful by empowering people with real-time data.

Agenda Item 14 was tabled and will be brought back to the March 24, 2015 Board meeting.

Agenda Items 9, 18 & 22 were pulled for discussion.

Agenda Item 18 - Budget Transfers No. 77 & 79 were removed from the item however, Budget Transfer No. 78 will remain.

14. Consider Approval to purchase equipment and services for the District-Wide Project Presenter: Associate Vice Chancellor Madlock Approval is requested to purchase equipment and services for the District-Wide VoIP Project from Datalink using the piggyback compliant contract California Multiple Awards Schedules (CMAS) in the not-to-exceed amount of $550,000. District IT (IT), in collaboration with Datalink, has designed a solution to meet the VoIP telecommunication needs for the District-Wide VoIP project. The District currently maintains 3 telecommunication systems; Mitel PBX, Mitel VoIP, and Cisco VoIP. The Mitel PBX and Cisco VoIP systems are now end of life systems that will not accommodate future growth. Having 3 different systems makes it difficult to administrate and maintain for the IT teams at the Colleges and District. The District utilizes a costly managed service contract with Advantel to perform "adds, moves, and changes" of phones and voice mailboxes. In order to further reduce costs, these functions need to be performed by in-house staff. The solution calls for over 1,300 phones comprising of administrators, staff/faculty, and classroom phones. The project aims to install a phone in every classroom. All Board approved contracts are subject to final negotiation and execution by the Chancellor. The Chancellor recommends approval. Presenter: Vice Chancellor Ikharo. Approval is requested to accept the bid and award a contract to W.E. Lyons Construction Company for the College of Alameda Veterans Center Remodel (Bid No. 12-14/24), in the amount not-to-exceed $286,663.00. Since March 2014, this project was a high priority for College of Alameda, but there was inadequate funding to cover the construction costs because the original source of funding was from a private citizen. When the private monies became unavailable, additional sources were solicited, leading to the recommended bond monies. This project will remodel several rooms on the first floor in the existing Building "G" to accommodate the relocation of some Athletics offices currently located on the second floor and the vacated space on the second floor to service the Veterans Center. The construction work will include selective demolition, new partitions, new interior finishes, new lighting, and accessibility.

The relocation services required
on this project will include the following types of moving operations: * General classrooms and office equipment; laboratory & hazardous chemicals; radiology classrooms, systems, and equipment; Allied health classrooms and related equipment; and science classrooms and related equipment. In compliance with the Public Contract Codes, Section 20651, formal competitive bidding and a request for a proposal (RFP) was conducted for this project. A Notice to Bid for the project was advertised in newspaper publications of general circulation on January 7 and 14, 2015. A mandatory bidder's conference was held on January 15, 2015. Proposal evaluations were conducted by a committee of General Services' project managers and staff for price and scope of work confirmation. The District evaluated vendor's proposal based on the following factors: * Knowledge, experience, and client references; plan and approach; proposed costs; environmentally sustainable procurement; and Small Local Business Enterprise.

21. Consider Approval of Amendment No. 1 to Modify the Terms of Agreement Between Tyco/SimplexGrinnell and the District for the Fire System Testing, Inspection, Repair, and Maintenance Services District-wide (RFP No. 13-14/15). Presenter: Vice Chancellor Ikharo. Approval is requested for Amendment No. 1 to modify the vendor's original terms of agreement to June 1, 2014 to June 30, 2017, and add $120,000 in funding for repairs and material, in the amount not-to-exceed a total of $165,000. The original contract term was from January 1, 2014, to June 30, 2017. The term of the contract must be amended because no services were provided from January 1, 2014 to May 2014. An additional fund of $120,000 is needed because the original allocated funding of $15,000 per year was not enough to cover projected expenses for repairs and material cost. The vendor's original agreement was approved by the Board of Trustees on January 21, 2014, in the amount of $410,391 for a three (3) year term. Including this Amendment No. 1, the total contract amount will be $530,391. All Board recommended contracts are subject to negotiation and execution by the Chancellor. Trustee Handy asked what equipment is being used? Dr. Ikharo said that five years ago, the District adopted a process where smart classrooms were installed and the level determined the amount of equipment that would be installed.

Trustee Brown asked how this fits in the facility master plan and if there was faculty input. Vice Chancellor said the District set up a steering committee and seventy percent of the vote consisted of faculty and during the bridging and documenting phase, the faculty worked to help design the equipment.

23. Consider Approval for WLC Architects Inc. (WLC) to Continue Design Services and Project Administration under the Existing Executable Agreement and Amendment No. 1 to Provide Architectural Design Services for the Laney College Student Center Swing Space Project. Presenter Vice Chancellor Ikharo. Approval is requested for WLC to continue design services and project administration under the existing executable agreement and Amendment No. 1 to provide architectural design services and to serve as the Architect of Record for the Laney College Student Center Swing Space, in the amount not-to-exceed of $556,800. On September 27, 2011, the Governing Board of Trustees approved the original agreement ($262,200) with WLC. After the construction drawings was completed by WLC and approved by California Division of the State Architect (DSA) in 2012. The administration placed a hold on all capital projects to be reevaluated due to insufficient budget and a long lead time that elapsed since the original project was first conceived. At the beginning of 2014, the Chancellor hired the MAAS Companies Inc., to review the programming and uses of these projects: Laney Student Center Renovations; Laney College Library and Learning Resource Center, Merritt College Barbara Lee Allied and Health Center, and College of Alameda Buildings C and D. The company found these projects viable; therefore, the District is now proceeding with the design and construction drawings for this project again. The Laney College Student Center Swing Space Project is now needed to accommodate the college community during the construction of the Laney College Student Center.
