5. Peralta Classified Senate Report Presenter: PCS President Timothy Brice

Thank You President Riley and Good Evening Trustees, Chancellor, Administrators, Faculty, Staff, and Students

I have a brief report from our last Peralta Classified Senate meeting in September but

First I'd like to Thank Brandi Howard for filling in for me here last week

A couple of topics of discussion were:

Accreditation. The visit this month and the work put in by everyone especially Classified Staff who were well represented on the teams and performed a great amount of work in addition to their normal duties

Classified Hiring Processes- We would like to see the process streamlined so it doesn't take 18-24 months to fill a previously vacated position...it seems it takes weeks to create or fill an Administrative position but months even years to fill Classified positions

Right now COA and BCC have Public Information Officers, Laney I believe is re-advertising for their position, and Merritt is in the discussion stage

Classified Staff Development and Training...Raising Efficiency

21. **Consider Approval of Budget Transfer Report**  
   **Presenter:** Vice Chancellor Little  
   Consider approval of budget transfer report covering the period from June 25, 2016 through August 19, 2016. California Code of Regulations Section 58307 limits the District’s expenditures to the amount appropriated for each major expenditure classification as approved by the Board of Trustees through the adoption of the District’s annual budget or as amended by subsequent budget transfers or revisions. Due to this statutory control language, budget transfers that move budget authority between major object codes or classifications must be approved by the Board of Trustees. The budget transfers presented are requests originating from the Colleges’ or District’s departments during the ordinary course of operations and do not significantly alter the final budget that was approved by the Board of Trustees on September 8, 2015. The Chancellor recommends approval.

   Consider approval to enter into an agreement with NetXperts, Inc. for the installation of IT infrastructure through a "piggy back" to the Foundation of California Community College Administrative Services Agreement (CB-15-013) in the amount not-to-exceed $52,720.86. The original design of the BEST center did not include full design & installation of the IT infrastructure. This contract fills that gap. The Chancellor recommends approval.  
   **Funding Source:** Measure A.

   **Background Material**

   Trustee Gonzalez Yuen asked why the IT infrastructure installation is being completed after the original design and bids were done.

   Vice Chancellor Little says that timing is such that now is the right time to complete the infrastructure before they finish closing the walls and ceilings and the infrastructure was left out of the initial design. Chancellor Laguerre says that IT needed to be firmly involved in facility planning. A presentation from IT staff will be made at the October 25 board retreat and will make sure this does not happen again. Further, some of this planning should take place within these committees. Chancellor Laguerre is also planning to merge the IT
and facilities planning committee so these mishaps don't occur in the future.

Trustee Brown says we needed everyone to coordinate and use Information Technology to facilitate this but it is not something that is incorporated into our general bid and hopes that we can revisit our strategic plan to make sure our instructional services are integrated.

MOTION: Motion by Trustee Gonzalez Yuen, second by Trustee Bonilla to approve Agenda Item 23.

24. Consider Approval of an Emergency Service Contract To Repair the Kitchen Steam Well in the Laney College Student Center, ACME Pacific Repairs Inc. Presenter: Vice Chancellor Ikharo Approval is requested of the emergency service contract with ACME Pacific Repairs Inc. to repair the kitchen steam wells in the Laney College Student Center, in the amount not-to-exceed $26,484. The administration urgently requested for the contractor to repair the kitchen steam wells to meet the Alameda County Health Department’s requirement. This request is to fix the steam well’s faulty asbestos wiring and thermostats to reach a temperature to hold food at 135 degrees. The correction was imperative for culinary students to serve hot food to the students. For emergency repairs, alterations, work, or improvement, the District may authorize the contractor to perform the labor and furnish materials to continue existing college classes, or to avoid danger to life or property, without advertising for or inviting bids. The Chancellor recommends approval. Funding Source: General Fund.
