16. Consider approval to increase the amount of an ICC for Timothy Gibbon from $20,000 to $55,000 for Moodle/Online Support for the District. Presenter: Vice Chancellor Orkin Consider approval to increase the amount of an ICC for Timothy Gibbon from $20,000 to $55,000 for Moodle/Online Support for the District. This contractor is responsible for developing technical aspects of the Moodle Learning Management System (LMS) related to course instruction and enrollment. He addresses problems of system integration to the district's Passport online system, compatibility and multiple platform integration. This contractor troubleshoots the LMS for students and instructors. For example, when students cannot log into their Moodle account, or instructors need help creating a Moodle shell for their class, this contractor will assist in those duties. This contractor also addresses all online support emails sent to online@peralta.edu from faculty and students. All Board recommended contracts are subject to final negotiation and execution by the Chancellor. The Chancellor recommends approval. Funding Source: General Fund.
Background Material

Trustee Handy questioned the $35,000 increase with the contract. When you get into contracts that are $55,000, she feels it should be an open bidding process.

Vice Chancellor Orkin clarified that Mr. Gibbons has been working at the District for the last three years at $55,000. The reason he started at $20,000 was because it was in the summer so he really has been receiving $55,000 for the last few years. Unfortunately, his position is unique and can only be handled by a contractor because he provides support for Moodle students and faculty 24/7.

Trustee Handy added that if the board item was written differently, this would have been clarified to her. She asked Vice Chancellor Orkin if he looked into how other colleges handle this?

Vice Chancellor Orkin said that Peralta's moodle support is smaller than other districts however, Tim provides support that other colleges are not able to provide.

Trustee Gonzalez Yuen asked if we just have one staff person for Moodle?

Vice Chancellor Orkin said we have a technical support person as well but we only have one part time person.

MOTION: Motion by Trustee Gulassa, second by Trustee Handy to approve 16. Consider approval to increase the amount of an ICC for Timothy Gibbon from $20,000 to $55,000 for Moodle/Online Support for the District.

AYES: Trustee Handy, Trustee Gonzalez Yuen, Trustee Gulassa, Trustee Riley, Trustee Withrow, Trustee Brown, and Trustee Guillen.

27. Side Letter to the Approved Project Labor Agreement (PLA) between the District and Alameda County Building and Construction Trade Council AFL-CIO and Related Signatory Unions. (First Reading for Discussion) Presenter:Â Vice Chancellor Ikharo The administration is requesting to include the Side Letter to an approved Project Labor Agreement (PLA). The Governing Board of Trustees authorized the Chancellor to negotiate an extension of the Project Labor Agreement Terms on June 24, 2014 (Resolution 13/14-70). On July 15, 2014, the Governing Board of Trustees approved Resolution 14/15-06 to adopt an extension of the Project Labor Agreement (PLA), effective July 16, 2014 to June 30, 2019. After this Board approval, both parties can sign the Side Letter to be included in the approved PLA. This Side Letter modifies certain language in the previous PLA, to include four areas of mutual agreement: local hiring, committee structure, jurisdictional dispute and arbitration. All Board recommended contracts are subject to final negotiation and execution by the Chancellor. The Chancellor recommends approval. Funding Source: Measure A.

This item will return for approval at the next meeting board meeting. This item is on the agenda for informational purposes only.

Trustee Gonzalez Yuen would like a comparison from other districts across the countries. How do other PLA's look like in terms of integration. What are the enforcement mechanisms? What is our recourse? What does the main contract say? Under representation?

Trustee Handy understands this process is difficult. Our first PLA was rushed.

Trustee Brown would like to hear from President Webb who has construction projects at her campus.

Chancellor Ortiz reiterated this was a first reading and opportunity to get feedback from the Board. Coming back on November 18th meeting for approval. Would like President Webb to take a look at it so she can provide feedback.

Mr. Sloan - local hiring, construction related programs, unions will take grads and place them in an apprenticeship and this is the way it will work. Unions are in agreement with concept. Believes this can be done by next meeting.

Trustee Guillen asked how we deal with the competition. What's different than what we had agree to years ago.

Trustee Brown asked if President Webb can give a brief background in apprenticeship of students being hired from Laney.

President Webb said the PLA can be enhanced significantly in two key areas, level of training that students receive, lead to higher skilled individuals. Have significant number of individuals prepared.

Mr. Sloan welcomed any language that President Webb provides.

Trustee Gonzalez Yuen is glad to hear the discussions are being made and asked what the best practices are and would like to hear about the underprivileged.
Trustee Guillen would be interested to see other PLA's from other districts. He would like a proposal brought back to the board.

Trustee Riley asked how questions or inquiries about the PLA's should be directed and what is the timeline? Trustee Guillen said that all inquiries and questions should be directed to the Chancellor by the end of the month.

Trustee Handy clarified that a report is not needed and is more interested in tightening up the pieces rather than reinventing the wheel.

Trustee Guillen reiterated that the purpose of this agenda item is to give feedback so it comes back to the November 18th Board meeting for approval.

Trustee Gonzalez Yuen expressed concern around enforcement. He wasn't asking for a report but had concerns about not seeing specific language that expresses concerns.
