**FINANCIAL SERVICES**

17. Consider Approval of the Current and Prior Period Salary Schedules **Presenter: Interim Vice Chancellor Rinne**

Request Board approval for the current and prior period salary schedules, modified to conform with collective bargaining agreements, in order to implement recommendations from the CalPERS’s audit and comply with the California Code of Regulations, §571(a), and the California Government Code: §20160, §20630(b), §20636.1(a), §20636.(b)(1).
The Peralta Community College District is in process of resolving an audit finding from the California Public Employees' Retirement System's (CalPERS) Public Agency Audit of the District, dated August 2013. Finding 5 had initially identified a gross pay increase for employees as a non-reportable compensation item for fiscal years 2010/11, 2011/12, 2012/13, and 2013/14. Subsequently, the District informed CalPERS that, in accordance with collective bargaining agreements for those fiscal years between the District and the SEIU Local 1021, and the International Operating Engineers, Local 39, employees' gross salary were increased, or “grossed up” in order to cover the cost of the higher after-tax deduction employees had to pay for long-term disability insurance. The long-term disability insurance premium after-tax deduction was approximately .0017 of employees’ gross salaries. After the employees' gross pay was increased by the same amount, their net pay remained the same after the deduction.

CalPERS and the District are now in agreement that the gross salary increase was actually a part of employees’ permanent normal pay, and as such, is pensionable earnings. CalPERS has pointed out that the salary schedules containing that change must be approved by the Board at its regular meeting, as required by various sections of the California Code of Regulations and the California Government Code.

Request Board approval for the following salary schedules containing the gross-up salaries for fiscal years 2010/11, 2011/12, 2012/13, and 2013/14: (a) SEIU, Local 1021; (b) International Operating Engineers, Local 39; (c) Confidential Employees; (d) Peralta Federation of Teachers (PFT); (e) Management. The Chancellor recommends approval.

20. Consider Approval to Enter into an Agreement for Consulting Services with TEECOM for the District-wide Security Controlled Access, Alarms & Alarm Monitoring. Presenter: Vice Chancellor Ikharo

Approval is requested to enter into an agreement with TEECOM for consulting services for District-wide Security Controlled Access, Alarms & Alarm Monitoring (RFP No. 14-15/01), in the amount not-to-exceed $129,550.00. Consulting services are needed to implement, upgrade, and expand the existing Lenel system access control and alarm monitoring system in specific locations at all four (4) Peralta’s colleges. Further, the vendor will expand the existing Lenel system access control into areas that currently does not have the system. The vendor will
perform and complete the project scope of services as identified and required in the RFP.

In compliance with the Public Contract Codes, Section 20651, formal competitive bidding and a request for a proposal (RFP) was conducted for this project. A Notice to Bid for the project was advertised in newspaper publications of general circulation on July 16th and 23rd, 2014. A mandatory bidder’s conference was held on July 29, 2014. Proposal evaluations were conducted by a committee of General Services’ project managers and staff for price and scope of work confirmation.

The District evaluated vendor’s proposal based on the following factors:
- References, resources, and key personnel;
- Knowledge and experience, Clients;
- Fee proposal and Environmentally Sustainable Procurement; and
- Small Local Business Enterprise (SLBE).

A total of twenty-one (21) contractors attended the pre-bid conference. A total of nine (9) proposals were received, as follows:

As allowed by Public Contract Code (PCC) section 20651, the District can award this contract to the bidder whose proposal is determined to be the “best value” to the District based solely on the criteria set forth in the RFP. TEECOM received the highest evaluative score of 83.75 points. The company is managed by Teresa Abrahamsohn (Principal-In-Charge), Jeff Smith (Project Manager), Andrew Gonzalez (Lead Security Design Engineer), and Brian Kellmann (Security Design Engineer). All Board recommended contracts are subject to final negotiation and execution by the Chancellor. The Chancellor recommends approval. **Funding Source: Measure A.**
21. Consider Approval of Change Order No. 5 for the Merritt College Chilled Water Infrastructure Project (Bid No. 12-13/03), Taber Construction, Inc.  
**Presenter: Vice Chancellor Ikharo**

Approval is requested for Change Order No. 5 to the contract with Taber Construction, Inc., in the amount not-to-exceed $129,637.00. This Change Order is 3.1% of the original contract amount of $4,076,000. Including this fifth Change Order, the cumulative value is $401,022 or 9.839% of the original contract sum. Change Order No. 5 is for deletion of scope of work and the following unforeseen conditions during construction.

**Change Order No. 5 scope of work includes the following:**
- Hand digging around unmarked underground utilities, breaking through bedrock, 2nd relocation of spoils, repair and relocated existing broken storm line that was removed to install water pipes;
- Delete credit of concrete patch paving;
- Provide labor, test equipment and materials to perform the following services: Perform factory recommended PM (preventative maintenance) at testing for MVS (Medium Voltage switches) numbers 2, 3, 4 and 5, plus the 12kv main Westinghouse WLI switch and the MVS that feeds the Horticulture center;
- Pay for labor costs associated with additional work to address unforeseen conditions;
- Relocate the panel, uninterruptible power supply (UPS), refrigerant monitoring system panel, and refrigerant leak horn/strobe; and
- Provide electrical power to the Chiller Micro Panel in Building Q and install the cold, hot, and water (CHW) Bypass at Bldg Q for CHW Infrastructure Pump controls.

The project is substantially complete and the punch list work has been completed. In accordance with the Board Policy 6600, approval was requested for the change order work, and Change Order No. 4 is now brought before the Board of Trustees for approval. It is in the best interests of the District and financially prudent to authorize this change order. All Board recommended contracts are subject to final negotiation and execution by the Chancellor. The Chancellor recommends approval. **Funding Source: Measure A.**

22. Consider the Approval of Change Order No. 2 for the Merritt College Barbara Lee Science & Allied Health Center Project (RFP No. 11-12/01), Clark & Sullivan / Walsh Construction.  
**Presenter: Vice Chancellor Ikharo**

Approval is requested for Change Order No. 2 to the contract with Clark & Sullivan / Walsh Construction, in the amount not-to-exceed $830,020.00. This Change Order is 1.9% of the original base contract of $42,760,000. Change Order #1 in the amount of $294,534 was approved by the Board of Trustees on April 8, 2014. Including this Change Order, the cumulative total of these two change orders is $1,124,554 or 2.6% of the original contract sum.
This project is a designed-built project. The District increased the existing scope of work because tying the utilities with the rest of the college was on the critical path of construction in order to meet the deadline. Originally, the District intended to complete the additional scope of work as a separate transaction. However, it was necessary to connect the proposed utilities with the existing utilities and connect them with the rest of the campus. Therefore, Change Order No. 2 will pay for the additional scope of work, comprising of utility connections and services (e.g., gas lines, electrical lines, storm/sanitary lines, telecommunication lines, and domestic hot and cold water lines). This additional utility work was done on time and under budget.

The administrator determined that it was more advantageous to the project and to the District for the contractor to perform this project site utility work for the following reasons:

- There would be one source of responsibility for all utility building systems.
- Integration of site infrastructure work with the buildings utilities would be more seamless. The same designers and builders would be performing the work.
- There would be significant advantage to the overall project schedule. The time required to procure the services of both a third party design professional firm and a separate bidding process was eliminated.
- One comprehensive design package for final DSA approval and closeout.

The project is approximately 45% complete and scheduled for completion in the fall of 2015. In accordance with the Board Policy 6600, approval was requested for the change order work, and Change Order No. 1 is now brought before the Board of Trustees for approval. It is in the best interests of the District and financially prudent to authorize this change order. All Board recommended contracts are subject to final negotiation and execution by the Chancellor. The Chancellor recommends approval. **Funding Source: Measure A.**
**ACTION CALENDAR ITEMS**

The Action Calendar lists non-routine items that the Board of Trustees may wish to discuss and/or debate. The list below may be supplemented by items removed from the Consent Calendar. The Board may move to the Action Calendar items with public speakers, and Board-sponsored Resolutions. The Board will hear public comments prior to taking any action on these items.

**INFORMATIONAL ITEMS**

All matters listed under the Informational Items section are considered by the Board of Trustees to be routine or sufficiently supported by back-up information as to not require additional discussion. Informational items will be enacted by one motion. There will be no separate discussion on these items prior to the time the Board votes on them, unless a Board member requests that a specific item be removed from Informational Items for action and a separate vote. Public comment on Informational items from anyone completing a card will be heard prior to the Board’s vote on the Informational Items section.
