It is the student’s responsibility to drop classes that they do not wish to attend. Students can drop classes online or in the Admissions and Records Office on campus. Students will be charged for classes not dropped by February 7th, 2021 (the last day to drop regular session classes and receive a refund). However, instructors may drop students for non attendance during the first week of classes.

Student Success & Support Program (SSSP)

SSSP consists of three components to help you get started and succeed at the Peralta Colleges:

• **ORIENTATION:**
  You will attend an online or in-person orientation design to familiarize you with the college and its services.

• **ASSESSMENT (MULTIPLE MEASURES):**
  Assessment staff and counselors review multiple measures to advise you on appropriate class enrollment and placement in English or English as a second language (ESL) and mathematics. You may use a valid high school transcript from within the last 10 years or take an assessment test for fill the assessment requirement. Transcripts must include your high school grade point average (GPA) and English and/or math class grades from your 11th and or 12th year.

• **COUNSELING**
  You will meet with a counselor to help develop a student educational plan (SCP) and select appropriate classes based on your objectives and assessment evaluation.

See the individual college information pages in the schedule for more information on how to attend orientation, provide transcripts or schedule an assessment, and make a counseling appointment.

**EXEMPTION FROM SSSP:**

Students may be except from the SSSP process at the Peralta college under the following conditions:

1. Student has earned an associate or higher degree from an accredited institution; or
2. Student is enrolling in fewer than 12 units and has declared one of the following educational objectives: discover/formulate career interests, plans, goals; prepare for a new career (acquire job skills); advance in current job/career (update job skills); maintain certificate or license (E. G. Nursing, real estate); acquire educational enrichment (intellectual, cultural); or complete credits for high school diploma.

**EXEMPTION FROM ASSESSMENT COMPONENT ONLY:**

Students meeting at least one of the following conditions shall be exempt from the assessment component:

1. Student has successfully completed (grade C or higher) college level English and mathematics courses (transcripts or grade report required); or
2. Student has, within the last three (3) years, taking an assessment test that can be used by Peralta staff to determine suitable placement in English and mathematics. Students who have received services for a learning disability in the last three years at any California community college may be exempt from the assessment component. If this applies to you, call the DSP&S office as soon as possible and make an appointment to see a counselor.

All students may participate in any of the state student success and support program components, even though they qualify for an exemption. The district prerequisite policy is in force for all students regardless of SSSP status.
Assessment & Placement

📍 English/ Math Placement

College of Alameda’s English/ Math placement process is compliant with Assembly Bill 705, which requires California Community Colleges to maximize the probability that a student who is seeking a degree/transfer will enter and complete transfer-level coursework in English and math within one year and use multiple measures when placing students into English or math courses.

The COA English & Math Placement Questionnaire will help you determine which course is best for you. Go online to https://tinyurl.com/COAplacement for your placement recommendation—print or take a photo of your recommended placement since you will need this information when you meet with a counselor. The questionnaire will take you 5-10 minutes to complete. For additional information visit alameda.peralta.edu/placement, go to the Welcome Center, A-building or call (510) 748-2209.

📍 ESOL Placement

College of Alameda’s ESOL placement process is compliant with Assembly Bill 705, which requires California Community Colleges to maximize the probability that a student who is seeking a degree/transfer will enter and complete transfer-level coursework in ESOL within three years and use multiple measures when placing students into ESOL courses. Under Education Code section 78221.5(a)(1), students have the right to access transfer-level coursework and academic credit English as a Second Language (ESOL) coursework.

⚠️ COA ESOL Guided Self-Placement (GSP)

New students will be placed through a guided self-placement process with the support of ESOL faculty members.

Guided Self Placement will start in early July. In early June, please call (510) 748-2307 or email aoneal@peralta.edu for appointments.

📍 Chemistry Assessment

Chemistry Diagnostic Placement Tests are offered for students who wish to place into Chem 1A. Tests are offered once a month—generally the 4th Friday of the month.

📝 Appointments required. Contact Chevonn Herbert (510) 466-5370 or cherbert@peralta.edu to schedule a test.

Students with disabilities who need accommodations for this test should first contact Programs and Services for Students with Disabilities at (510) 748-2823.

WHY SHOULD I APPLY FOR FINANCIAL AID?
Financial aid is made available to assist students and families in meeting the costs of a post-secondary education. If you believe you will need assistance in meeting those costs, you should apply for financial aid. You can apply online at www.fafsa.ed.gov, via the mobile app at “MyStudentAid”, or at dream.csac.ca.gov (For California AB540 students).

IF I AM NOT A U.S. CITIZEN, AM I STILL ELIGIBLE TO APPLY FOR FINANCIAL AID?
To be eligible for both federal and state aid, a student must be a U.S. citizen or an eligible non-citizen. For financial aid purpose, an eligible non-citizen is one of the following: a U.S. permanent resident who has an Alien Registration Receipt Card (I-551); a conditional permanent resident (I-551C); or a non-citizen with an Arrival-Departure record (I-94) from the U.S. Citizenship and Immigration Services with one of the following designations—“Refugee,” “Asylum Granted,” “Parole,” or “Cuban-Haitian Entrant.” Students who are residing in the United States with an F-1 or F-2 student visa or a G series visa are NOT eligible for federal or state financial aid.

HOW DO I GET FINANCIAL AID?
To receive financial aid you must apply for it. The biggest mistake students make is not to apply because they don’t think they’ll qualify, therefore, everyone should apply. To apply for federal, state, and college financial aid programs, you need to complete the FAFSA or Dream Act application. For the Cal Grant program, you must submit a GPA verification form by March 2, 2021 and October 1, 2020. You may also be requested to submit additional documents such as IRS tax transcripts to complete your financial aid file. Please respond immediately to all requests made by the financial aid office.

DO I NEED TO COMPLETE MY INCOME TAX RETURN BEFORE I COMPLETE THE FINANCIAL AID APPLICATION?
While it is recommended that you complete your tax return prior to filling out your FAFSA or Dream Act, it is not essential. You can fill out the Financial Aid application using estimated information from your W-2. Any large discrepancies between your aid application and your tax return may have a large impact on any preliminary financial aid award you receive.

WHAT HAPPENS IF I HAVE ACADEMIC OR OTHER PROBLEMS AND HAVE TO DROP CLASSES OR DROP OUT OF COLLEGE ENTIRELY?
If you receive aid and then drop units or withdraw prior to the end of the semester, you may be required to repay a portion of the funds. The repayment amount will be determined after the add/drop period has ended. Students that are required to repay will be required to do so before being allowed to enroll or requesting official transcripts.

WHAT IS SATISFACTORY ACADEMIC PROGRESS (SAP)?
Students who have applied for financial aid enter into an agreement to attend class and complete courses with a passing grade. Failure to complete required units, meet the minimum cumulative GPA requirement or exceed the maximum unit limit will result in disqualification from receiving further Financial Aid. For more information please visit web.peralta.edu/financial-aid/sap/
DO I HAVE TO REAPPLY FOR FINANCIAL AID EVERY YEAR?
Yes. The FAFSA Application is available as of October 1st of each school year, and ends June 30th. Make sure you include our school codes: Berkeley City College (014311), College of Alameda (006720), Laney College (001266) and Merritt College (001267)

Is there a limit to how much financial aid I can receive?
Yes. Effective with the 2012-2013 award year, the duration of a student’s eligibility to receive a Federal Pell Grant is limited to 600% lifetime or its equivalent to 12 full-time semesters. Calculation of the duration of a student's eligibility includes all years of the student's receipt of Federal Pell Grant funding. Once a student has received a Federal Pell Grant for 12 full-time semesters (or its equivalent) the student will no longer be eligible for further Federal Pell Grant.

HOW IS MY FINANCIAL AID DISBURSED?
Financial Aid funds are disbursed through BankMobile. Your financial aid will be used to pay off current aid year charges on your Passport account. If there are any remaining funds that exceed these charges on your Passport account at the time of disbursement, you will receive a refund of the excess amount which you may use to pay other educational expenses.

The Peralta Community College District partners with Bank Mobile®, a financial services company which provides refund methods for students to receive financial aid disbursements.

Prerequisite/Corequisite Policy & Procedures

Prerequisites

Some courses have prerequisites: faculty have determined that students are highly unlikely to succeed in these courses unless they have acquired a certain level of skills or knowledge, usually through taking another course beforehand. The prerequisites for each course are listed in the class schedule.

When you attempt to enroll online in a course with a prerequisite, the system checks your academic records for evidence that you have taken or are taking the prerequisites at one of the Peralta Colleges.

1. If you have taken the prerequisites at a Peralta College after 1987 and have received a grade of C or better in it, you are allowed to enroll.

2. If you are currently taking the prerequisites, you are allowed to enroll conditionally until your grade is received. If your grade in the prerequisites is below a C, you will be automatically dropped from the higher level course. You will be informed of this by Peralta email.

3. If you have met the prerequisites through a course taken at another college, you will need to submit proof to the counseling department.

4. If you feel the prerequisite has been met through assessment at another institution, and you have either your scores and placement recommendations or a transcript showing the courses you assessed into and enrolled in, or through other means, (this is referred to as “Multiple Measure Assessment” in the class schedule), please see a counselor. The counselor will look at your test scores and discuss your preparation for the course. If the counselor determines that you have met the prerequisites, he/she will clear you for the course and you will be allowed to enroll.

5. If you feel that you have met the prerequisites through your life experience, or you believe that the prerequisites is unnecessary or unlawful, go to the admissions office to complete and sign a Petition for Prerequisite Challenge. You will immediately be cleared to enroll, pending review of your petition by faculty. If your challenge is approved you will remain in the class. If your petition is denied, you will be dropped from the class. You will be informed of this by phone. Challenge petitions must be approved or denied within five working days of the day they were filed. If your petition is not reviewed within five working days, you will remain in the class.

Co-requisites

Some courses have co-requisites: faculty have determined that students are highly unlikely to succeed in these courses unless they enroll in the co-requisite course at the same time. The co-requisites for each course are listed in the class schedule.

If you enroll in a course with a co-requisite, make sure to enroll in the co-requisite course as well. (If you have previously taken the co-requisite course and obtained a grade of C or better, you don’t need to enroll in it again).

Open Classes

It is the policy of the Peralta Community College District that, unless specifically exempted by statute, every course, sections or classes, the average attendance of which is to be reported for state aid, wherever offered and maintained by the District, shall be fully opened to enrollment and participation by any person who has been admitted to the College and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, Part VI, Title 5 of the California Administrative Code, commencing with Section 51820.

Student Study Load

In order to complete an Associate in Arts or Associate in Science degree at one of the Peralta Colleges in two years, an average unit load of 15 units per term is often necessary. Students may not carry more than 18 units (including a combined total of all Peralta Colleges) without prior approval of a counselor. Counselor approval is required for excess units up to 21.5 units. Enrollment in 22 to 25 units requires approval of the Dean of Student Services. Under no circumstances will approval be granted beyond 25 units. The maximum number of units for the Summer Session is ten (10). For college purposes, a full-time student is one who is carrying 12 or more units. Students are not permitted to enroll in classes with conflicting or overlapping meeting times.

# Course Identification

## Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system that is different from the course numbers assigned by individual California Community Colleges. A C-ID Designator next to a course means that the course is comparable in content and scope to a similar course offered by participating California colleges and universities. Thus, if a catalog lists a C-ID Designator for a course, students can be assured that the course will be accepted at another California Community College that offers a course with the same C-ID Designator.

The C-ID Numbering System is particularly useful for students attending more than one California Community College since C-ID Designators are often applied to courses students need to prepare for transfer.

Admissions and Enrollment
• Admission and enrollment in classes are separate processes. Both must be completed before you can attend classes and earn credit in your courses. Admission is the process which admits you to the college and permits you to enroll in classes. Enrollment is the process of signing up for individual classes after you are admitted to the college.
• It may take one day or more to complete the entire admission/enrollment process, based upon your status and available schedule of services.
• Do not mistake admissions and enrollment with only having to attend classes. You must follow the admissions and enrollment guidelines by enrolling online at www.peralta.edu.
• If you feel you qualify for Financial Aid, apply EARLY in the academic year to determine eligibility and receive assistance in a timely manner. Contact the Financial Aid Office at (510) 748-2391.
• See a counselor EARLY and throughout each semester to establish an appropriate academic program plan which will help keep you on the path to your transfer, vocational or personal enrichment goals.
• Check the Academic Calendar each semester to note deadlines for adding and dropping classes, submitting graduation petitions, priority registration dates as a continuing student, holiday schedules, final exam week, etc.

IMPORTANT!
Students are responsible for submitting their Add and/or Drop online; failure to do so can result in credits not being given for class work completed or in unwanted grades being awarded for the class(es).

Additional information about the courses is available at www.alameda.peralta.edu.
## Waitlist - Spring 2021

During registration, if you try to register for a class that is full ("CLOSED"), you will be given the option to add to the waitlist for that class until the waitlist fills. **Remember, being on a waitlist does not guarantee you a seat in a class.** If seats become available, those on the waitlist will be enrolled in the order they were added to the list.

**Important:** Passport will allow you to get on a waitlist, however, you will not be enrolled if you have any holds, time conflicts, repeat or prerequisite errors, duplicate courses, excessive units, or any type of registration error.

### Frequently Asked Questions

**Can anybody get on a Wait List?**
Anyone can get on a waitlist if the waitlist for the class is available, but you will be enrolled in the class if:

- You meet the class prerequisites
- The class time does not conflict with another class in which you are already enrolled
- You are not enrolled in another section of the same course
- You have no repeat errors or holds on your record
- The class units do not exceed your maximum allowed.

When the daily process runs and space in the class is available, if you are on the waitlist but do not meet the criteria above, instead of being automatically enrolled in the class you will remain on the waitlist.

**Who gets into a class from a waitlist?**
If one seats become available, students will automatically be enrolled in the class in the order in which they were added to the waitlist as long as there are no errors or enrollment restrictions.

**How do I know if I got into a class?**
If you are auto enrolled from the waitlist, you will be notified by email to your Peralta email account. Be sure to activate and monitor your Peralta emails during the registration period.

**When do I pay for the class?**
Fees will be assessed after you enroll in a class and must be paid 2 weeks before the beginning of the term. If you do not pay your fees, you may be dropped from the class for non-payment. If you add after this deadline, you are required to pay the fees immediately or a hold WILL be placed on your account and your debt will be sent to collections. Students on a waitlist should monitor their Peralta email closely for enrollment notification.

**What is the first day I can waitlist?**
Waitlists become available when a class reaches its enrollment capacity. Waitlisted classes are displayed in the online schedule of classes with a yellow triangle icon.

**What is the last day I can be added to a waitlist?**
You can be added to a waitlist until the day before classes begin.

**What prevents me from adding to a waitlist?**
- Enrollment appointment date/time has not yet been reached
- The last day to add to the waitlist has passed
- Class is not yet closed
- Waitlist is at its capacity
- You have reached the limit for waitlisted units (waitlisted and enrolled units cannot exceed 10 units in summer, and 18 units in fall and spring)

**If an enrolled student drops a class and a seat opens up, do waitlisted students get the opportunity to enroll first?**
Yes. When a class is marked as closed only students from the waitlist can be enrolled.
Before the first day of classes, a daily process runs to automatically enroll students from the waitlist. If all waitlisted students are successfully enrolled in the class and there are still seats available, the class will reopen. However, if all students from the waitlist are moved to the class filling the class to capacity, the class will remain closed and the waitlist will re-open.
If by the first day of class you are still on the waitlist, you will need to attend the first class meeting and obtain a permission number from your instructor in order to enroll in the class.

**Can I be on the Waitlist for more than one section of the same class?**
Yes. You will be automatically enrolled in the section that becomes available first, depending on your position on the waitlist for each section.
Can a student be both enrolled and waitlisted for different sections of the same class?
Yes, but they cannot be enrolled in both. A student can be enrolled in the open section of a class and at the same time be on the waitlist for a different section of that same class (maybe the waitlisted section was their first choice, but it has reached capacity). However, a student will not be auto enrolled in the waitlisted section when a seat becomes available, even if they are eligible. In this instance, they will need to drop themselves from the section they are currently enrolled.

How will I move from the waitlist into the class?
During the registration period before classes begin, you are automatically enrolled as space becomes available. After classes begin, instructors are required to issue permission numbers. You use the class permission number to enroll in the class via Passport (you must drop yourself from the waitlist before using the permission number) or by going to the Admissions and Records office at the college.

A full calendar can be found at [web.peralta.edu/admissions/spring-2021-important-dates-deadlines-enrollment-dates-3/](http://web.peralta.edu/admissions/spring-2021-important-dates-deadlines-enrollment-dates-3/)

### HOW TO USE A PERMISSION NUMBER

You may add regular session (full term) classes, where space is available, using Passport the first day of class and through Saturday of that week (January 25 - January 31, 2021). After the first week of classes, you may only add a regular session class by obtaining a permission number from the instructor.

To obtain an instructor permission number, you must go to a class meeting and/or e-mail the instructor. If space is available the instructor may provide the required permission number.

You will need only the permission number for online enrollment through Passport. You will need the permission number and signature on an ADD CARD FORM to enroll in-person.

You are responsible for registering yourself in the class via Passport with the permission number or in-person at the College Admissions and Records office by the last day to add for the term (February 7, 2021).

#### How do I obtain a permission number?

To obtain an instructor permission number you must attend a class meeting and/or e-mail the instructor. If space is available, the instructor may provide the required permission number.

#### How do I use the permission number to enroll?

To enroll online, log in to Passport and follow the regular enrollment steps. If a permission number is required, you will be prompted to provide it during the enrollment process (see adding a class with a permission number instructions). To enroll in person, you will need to fill out an add card form and obtain the permission number and instructor signature.

#### How do wait-listed students use a permission number?

A waitlisted student must first drop themselves from the waitlist and then use the permission number to enroll in the class.

#### Do permission numbers override a course pre-requisite or enrollment hold?

No. Similar to auto-enrolling from a waitlist, permission numbers only allow you to enroll if you have met the requisites and have no holds on your account.

WHAT IS THE CALIFORNIA DREAM ACT?

The California Dream Act is comprised of two state laws, AB 130 and AB 131, that allow AB 540 students to apply for and receive several types of financial aid, including:

- California College Promise Grant (formerly BOG Waiver)
- State financial aids such as Cal Grants, Chafee Grant, and Student Success Completion Grant (SSCG)
- Assistance from EOPS, CARE or CalWORKs
- Privately-funded scholarships

Check with your campus financial aid, scholarship, EOPS/CARE and CalWORKs offices to see what is available.

WHAT IS AN AB 540 STUDENT?

AB 540 allows non-resident students who meet certain qualifications to be exempt from paying non-resident enrollment fees. These students may include undocumented students, students who are US citizens but who are not California residents, and dependent students whose parents are not California residents. AB 540 students are those who:

- Have attended a CA high school for a minimum of three years; or
- Attain credits in California from a California high school equivalent of at least three or more years of full-time high school coursework and a total of three or more years of attendance in California elementary schools, California secondary schools, or a combination of those schools.
- Graduated or will graduate from a California high school or attainment of General Education Development (GED), High School Equivalency Test (HiSET), or Test Assessing Secondary Completion (TASC), and
- Will register or enroll in an accredited and qualifying California college or university

AND

- If required, complete an affidavit saying they have filed (or will file when they are eligible to do so) for legal immigration status.

WHAT MY NEXT STEP?

- If you are AB540 eligible, visit https://dream.csac.ca.gov/ to apply for financial aid
- For Cal Grant eligibility: Your college GPA verification form needs to be submitted to California Student Aid Commission (CSAC) by March 2 2021. For more information on GPA requirements, visit https://www.csac.ca.gov/student-forms-0
- To ensure that your GPA Verification is electronically submitted, visit Admissions & Records Office at your home college to update your SSN to 999-99-9999
- For high school GPA verification, you must check in with your high school

GRADUATE & TRANSFER FASTER THAN EVER WITH AB705

It’s a NEW DAY, there’s a NEW WAY for you to graduate and transfer faster than ever before. See a counselor for more information and visit www.peralta.edu/academicaffairs/ab705atpccd for a full description of the new California state law called AB 705.

WHAT’S OLD

• Placement tests that didn’t do a very good job of properly placing students into the math and English classes right for them. That’s old!

• Semester after semester of below-college-level math and English courses that delayed students from reaching their graduation and transfer goals. That’s old!

• Math & English courses that didn’t give students enough time with their instructors to really help them succeed. That’s old!

For students enrolled in ESOL coursework, AB705 requires California Community Colleges to maximize the probability that a student will enter and complete degree and transfer requirements in English within three years. Placement tests may still be used. Colleges may elect to provide a variety of additional instructional support and student services assistance to increase course success.

WHAT’S NEW

• No more placement test for math and English. Almost all students are now placed directly into college and transfer-level courses, making it faster to complete your graduation and transfer goals.

• More classroom support is now available for your math and English classes. These classes offer additional one-on-one and small group learning with faculty. These “supplemental” courses are required for some students (based on high school gpa) but are open to all students.

• Taking math and English right away as you enter college for the first time or are returning back to college is key to your success. Our aim is to support students in successfully passing college-level math and English in your first year.

For students enrolled in ESOL coursework, AB705 requires California Community Colleges to maximize the probability that a student will enter and complete degree and transfer requirements in English within three years. Placement tests may still be used. Colleges may elect to provide a variety of additional instructional support and student services assistance to increase course success.

For a complete list of Board Policies, go to web.peralta.edu/trustees/board-policies/

BOARD POLICY 3410 NONDISCRIMINATION

The District is committed to equal opportunity in educational programs, employment, and all access to institutional programs and activities.

The District, and each individual who represents the District, shall provide access to its services, classes, and programs without regard to national origin, religion, age, sex or gender, gender identity, race or ethnicity, color, medical condition, ancestry, sexual orientation, marital status, physical or mental disability, active duty military and veterans, pregnancy, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

The Chancellor shall establish administrative procedures that ensure all members of the college community or persons using the services of the district can present complaints regarding alleged violations of this policy and have their complaints heard in accordance with the Title 5 regulations and those of other agencies that administer state and federal laws regarding nondiscrimination.

No District funds shall ever be used for membership, or for any participation involving financial payment or contribution on behalf of the District or any individual employed by or associated with it, to any private organization whose membership practices are discriminatory on the basis of national origin, religion, age, sex or gender, race, color, medical condition, ancestry, sexual orientation, marital status, physical or mental disability, active duty military and veterans, pregnancy, or because he or she is perceived to have one or more of the foregoing characteristics, or because of his or her association with a person or group with one or more of these actual or perceived characteristics.

ADMINISTRATIVE POLICY 3410 NONDISCRIMINATION - EDUCATIONAL PROGRAMS AND OTHER SERVICES

The District shall provide access to its services, classes and programs without regard to, national origin, religion, age, sex or gender, gender identification, race or ethnicity, color, medical condition, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy or because he/she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

A. All classes, including credit, noncredit and not-for-credit, shall be conducted without regard to the gender of the student enrolled in the classes. As defined in the Penal Code, “gender” means sex, and includes a person’s gender identity and gender-related appearance and behavior whether or not stereotypically associated with the person’s assigned sex at birth.

B. The District shall not prohibit any student from enrolling in any class or course on the basis of gender.

C. Academic staff, including but not limited to counselors, instructors and administrators shall not offer program guidance to students which differs on the basis of gender.

D. Insofar as practicable, the District shall offer opportunities for participation in athletics equally to male and female students.

BOARD POLICY 3433 PROHIBITION OF SEXUAL HARASSMENT UNDER TITLE IX

All forms of sexual harassment are contrary to basic standards of conduct between individuals. State and federal law and this policy prohibit sexual harassment and the District will not tolerate sexual harassment. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation including acts of sexual violence.

The District seeks to foster an environment in which all employees, students, applicants for employment, and applicants for admission feel free to report incidents of sexual harassment in violation of this policy and Title IX, without fear of retaliation or reprisal. Therefore, the District also strictly prohibits retaliation against any individual for filing a complaint of sexual harassment in violation of this policy and Title IX or for participating, or refusing to participate, in a sexual harassment investigation. The District will investigate all allegations of Title IX retaliation swiftly and thoroughly. If the District determines that someone has retaliated, it will take reasonable steps within its power to stop such conduct. Individuals who engage in Title IX retaliatory conduct are subject to disciplinary action, up to and including termination or expulsion.
Any employee, student, applicant for employment, or applicant for admission who believes he/she/they has been harassed or retaliated against in violation of this policy should immediately report such incidents by following the procedures described in AP 3434 Responding to Harassment Based on Sex under Title IX. The District requires supervisors to report all incidents of harassment and retaliation that come to their attention.

This policy applies to all aspects of the academic environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any community college activity. In addition, this policy applies to all terms and conditions of employment, including but not limited to hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, training opportunities, and compensation.

To this end, the Chancellor shall ensure that the institution undertakes education and training Activities to counter sexual harassment and to prevent, minimize, or eliminate any hostile environment that impairs access to equal education opportunity or impacts the terms and conditions of employment.

The Chancellor shall establish procedures that define sexual harassment on campus. The Chancellor shall further establish procedures for employees, students, and other members of the campus community that provide for the investigation and resolution of complaints of harassment by or against any staff or faculty member or student or unpaid interns and volunteers within the District.

The District will publish and publicize this policy and related written procedures (including the procedure for making complaints) to administrators, faculty, staff, students, applicants for employment, and applicants for admission, particularly when they are new to the institution. The District will make this policy and related written procedures (including the procedures for making complaints) available in all administrative offices and will post them on the District’s website.

Employees who violate the policy and procedures may be subject to disciplinary action up to and including termination. Students who violate this policy and related procedures may be subject to disciplinary measures up to and including expulsion. Volunteers or unpaid interns who violate this policy and related procedures may be subject to disciplinary measures up to and including termination from the volunteer assignment, internship, or other unpaid work experience program.

BOARD POLICY 3430 PROHIBITION OF UNLAWFUL HARASSMENT

The District is committed to providing an academic and work environment free of unlawful harassment. This procedure defines sexual harassment and other forms of harassment on campus, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff or faculty member or student or unpaid interns and volunteers within the District.

I. Definitions

A. General Harassment

Harassment based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation of any person, or the perception that a person has one or more of these characteristics is illegal and violates District policy. Harassment shall be found where, a reasonable person with the same characteristics as the victim of the harassing conduct would be adversely affected to a degree that interferes with his or her ability to participate in or to realize the intended benefits of an institutional activity, employment or resource.

For sexual harassment under Title IX, Complainants must proceed under BP 3433 Prohibition of Sexual Harassment under Title IX, AP 3433 Prohibition of Sexual Harassment under Title IX, and AP 3434 Responding to Harassment Based on Sex under Title IX. For other forms of sexual harassment or gender-based harassment, Complainants should use this procedure.

Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment if it meets the definition above. For example, repeated derisive comments about a person’s competency to do the job, when based on that person’s gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct that could, depending on the circumstances, meet the definition above, or could contribute to a set of circumstances that meets the definition:

B. Verbal

Inappropriate or offensive remarks, slurs, jokes or innuendoes based on a person’s race gender, sexual
orientation, or other protected status. This may include, but is not limited to, inappropriate comments regarding an individual’s body, physical appearance, attitude, sexual prowess, marital status or sexual orientation; unwelcome flirting or propositions; demands for sexual favors; verbal abuse, threats or intimidation; or sexist, patronizing or ridiculing statements that convey derogatory attitudes based on gender, race, nationality, sexual orientation or other protected status.

C. Physical
Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, petting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person’s gender, race, national origin, sexual orientation or other protected status.

D. Visual or Written
The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation or other protected status. This may include, but is not limited to, posters, cartoons, drawings, graffiti, reading materials, computer graphics or electronic media transmissions.

E. Environmental
A hostile academic or work environment may exist where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected status that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. It can also be created by an unwarranted focus on, or stereotyping of, particular racial or ethnic groups, sexual orientations, genders or other protected statuses. An environment may also be hostile toward anyone who merely witnesses unlawful harassment in his/her/their immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual’s learning or work.

F. Sexual Harassment
In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature made by someone from, or in, the work or educational setting when:

1. Submission to the conduct is explicitly or implicitly made a term or condition of an individual’s employment, academic status, progress, internship, or volunteer activity;
2. Submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;
3. The conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment (as more fully described below); or
4. Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the community college.

5. This definition encompasses two kinds of sexual harassment:
   a. “Quid pro quo” sexual harassment occurs when a person in a position of authority makes educational or employment benefits conditional upon an individual’s willingness to engage in or tolerate unwanted sexual conduct.
   b. “Hostile environment” sexual harassment occurs when unwelcome conduct based on a person’s gender alters the conditions of an individual’s learning or work environment, unreasonably interferes with an individual’s academic or work performance, or create an intimidating, hostile, or abusive learning or work environment. The victim must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile. A single isolated incident of sexual harassment may be sufficient to create a hostile environment if it unreasonably interfered with the person’s academic or work performance or created an intimidating, hostile, or offensive learning or working environment.

Sexually harassing conduct can occur between people of the same or different genders. The standard for determining whether conduct constitutes sexual harassment is whether a reasonable person of the same gender as the victim would perceive the conduct as harassment based on sex.

II. Consensual Relationships
Romantic or sexual relationships between supervisors and employees, or between administrators, faculty members or staff members and students are discouraged. There is an inherent imbalance of power
and potential for exploitation in such relationships. A conflict of interest may arise if the administrator, faculty members or staff member must evaluate the student’s or employee’s work or make decisions affecting the employee or student. The relationship may create an appearance of impropriety and lead to charges of favoritism by other students or employees. A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing. In the event that such relationships do occur, the District has the authority to transfer any involved employee to eliminate or attenuate the supervisory authority of one over the other, or of a teacher over a student. Such action by the District is a proactive and preventive measure to avoid possible charges of harassment and does not constitute discipline against any affected employee.

III. Academic Freedom
No provision of this Administrative Procedure shall be interpreted to prohibit conduct that is legitimately related to the course content, teaching methods, scholarship, or public commentary of an individual faculty member or the educational, political, artistic, or literary expression of students in classrooms and public forums. Freedom of speech and academic freedom are, however, not limitless and this procedure will not protect speech or expressive conduct that violates federal or California anti-discrimination laws.

ADMINISTRATIVE PROCEDURE 3540 SEXUAL AND OTHER ASSAULTS ON CAMPUS

I. The District and the Colleges shall make available sexual assault awareness information to students and employees.

II. Any sexual assault or physical abuse, including, but not limited to, rape, as defined by California law, whether committed by an employee, student, or member of the public, occurring on District property, in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District’s facilities or at another location, or on an off-campus site or facility maintained by the District, or on grounds or facilities maintained by a student organization, is a violation of District policies and regulations, and is subject to all applicable punishment, including criminal procedures and employee or student discipline procedures (See also AP 5500 Standards of Student Conduct).

III. It is the responsibility of each person involved in sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent. “Affirmative consent” means affirmative, conscious, and voluntary agreement to engage in sexual activity.

IV. These written procedures and protocols are designed to ensure victims of domestic violence, dating violence, sexual assault, or stalking receive treatment and information. (For physical assaults/violence, see also AP 3500, 3510, 3515).

V. All students, faculty members or staff members who allege they are the victims of domestic violence, dating violence, sexual assault, or stalking on District property shall be provided with information regarding options and assistance available to them. Information shall be available from the Peralta Safety & Security Services, which shall maintain the identity and other information about alleged sexual assault victims as confidential unless and until Peralta Safety & Security Services is authorized to release such information.

VI. Safety & Security Services shall provide all alleged victims of domestic violence, dating violence, sexual assault, or stalking with a copy of the District’s policy and administrative procedure regarding domestic violence, dating violence, sexual assault, or stalking upon request, and the importance of preserving evidence and the identification and location of witnesses.

VII. Victims will be provided the option to:
(1) notify proper law enforcement authorities, including on campus security and local police;
(2) be assisted by campus authorities in notifying law enforcement authorities if the victim so chooses; or (3) decline to notify such authorities;

VIII. The victim will be provided a description of the following procedures:
(1) criminal prosecution;
(2) civil prosecution (i.e., lawsuit);
(3) District disciplinary procedures, both student and employee;
(4) modification of class schedules; and
(5) tutoring, if necessary.

IX. The District will investigate all complaints alleging sexual assault under the procedures for sexual harassment investigations described in AP 3434 Responding to Harassment Based on Sex under Title IX, regardless of whether a complaint is filed with local law enforcement. All alleged victims of domestic violence, dating violence, sexual assault, or stalking on District property shall be kept informed, through
XI. In the evaluation of complaints in any disciplinary process, it shall not be a valid excuse to allege lack of affirmative consent that the accused believed that the complainant consented to the sexual activity under either of the following circumstances:

1. The accused's belief in affirmative consent arose from the intoxication or recklessness of the accused.
2. The accused did not take reasonable steps in the circumstances known to the accused at the time to ascertain whether the Complainant affirmatively consented.

XII. In the evaluation of the complaints in the disciplinary process, it shall not be a valid excuse that the accused believed that the Complainant affirmatively consented to the sexual activity if the accused knew or reasonably should have known that the Complainant was unable to consent to the sexual activity under any of the following circumstances:

1. The Complainant was asleep or unconscious.
2. The Complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the Complainant was unable to communicate due to a mental or physical condition.

XIII. The District shall maintain the identity of any alleged victim or witness of domestic violence, dating violence, sexual assault, or stalking on District property, as defined above, in confidence consistent with state and federal law, unless the alleged victim or witness specifically waives the right to confidentiality. All inquiries from reporters or other media representatives about alleged domestic violence, dating violence, sexual assaults, or stalking on District property shall be referred to the District's Public Information Office, which shall work with Peralta Police Services to assure that all confidentiality rights are maintained consistent with state and federal law.

XIV. Safety Services

SUMMARY
On January 1, 2021, the Peralta Community College District will undertake a unique and transformative approach to security services on the District’s four campuses, including Laney College, Merritt College, Berkeley City College, the College of Alameda and associated sites, and the District Administrative Center. Under the leadership of the Governing Board and Chancellor, the District will contract with community-based security services firms, with an emphasis on de-escalation tactics and mental health services. The community-based security firms are Community Ready Corps and Zulu Community Protection. Additionally, Marina Security Services will be hired to provide Dispatching services 24 hours a day, 7 days a week, and 365 days per year. A-1 Protective Services will provide traditional private security services as part of the overall security ecosystem. These vendors will replace the services currently provided by the Alameda County Sheriffs Office.

SECURITY APPROACH AND INTERACTION WITH POLICE AUTHORITIES
The District is committed to a community-based security service model that focuses on personal engagement between the security team, students, faculty, staff and administration. Community Ambassadors will be assigned to each campus. The Community Ambassadors will understand restorative justice principles and de-escalation techniques and will earn the trust of the communities they serve. The selected security firms and those that they employ will have particular sensitivity to communities of color and communities that have experienced the de-humanizing effects of institutional racism, oppression and willful neglect. The security firms will employ a team of first responders that will be dispatched through the District’s centralized dispatcher. Ideally, these first responders will come from the community and have specific knowledge of the community they serve.

Security personnel will walk the campus during daytime hours or will be stationed at the security guard’s console. Personnel will be unarmed and equipped with two-way radio devices with connectivity to other district staff and the District’s dispatcher. The goal of the District is to create a non-lethal, nontraditional security ecosystem that proactively responds to challenges before traditional policing services, including local law enforcement, are activated or called.

The Community Ambassadors and the firms they work for are established entities, familiar with the District’s many communities, with an established reputation for successfully working in communities of ethnic, cultural and religious diversity. This approach to security will include community engagement and respect. The selected vendors will actively engage in assisting the District in building a security model that requires input from the communities they serve, including District leadership, community groups, peer groups, neighborhood groups, student groups, and faculty and staff groups.

MISSION STATEMENTS

Community Ready Corps (CRC)
The mission of CRC, a Black grassroots organization, is to organize and empower the community towards self-determination and equity. We believe that a community should be able to engage with power wherever power is expressed and that resistance must be rooted in achieving a self-determined existence. Disrupting the current paradigm and pioneering new systems means connecting to and unleashing the creativity, ingenuity, and courage that is already present.

Zulu Community Protection
The mission of Zulu Community Protection is to ensure that the needs of the school sites and organizations we serve are met by protecting people and property from those who seek to do harm. Zulu Community Protection is able to fulfill its mission by deploying dedicated, well-trained security personnel that are equipped with culturally based, racially aware training. Zulu Community Protection security staff are trained with tactics that decrease the need for official police forces. Zulu is a licensed Private Patrol Operator (PPO). Critical to our mission is that we consistently engage service to African American and Latino youth at school sites as a means of empowering them with personal protection techniques and a collective consciousness about their role in positively engaging in protecting their school, family, friends, and neighbors.

Marina Security Services
The mission of Marina Security Services is to unobtrusively provide our clients and the communities within which they operate with a safe and secure facilities without disrupting their ability to operate in the way they desire to achieve their objectives. At Marina Security Services, our security guards and staff take pride in acting within the framework of our four core values: Communication, Integrity, Professionalism, and Diligence.

- Choose routes and locations that are better lit, more familiar, and more secure, when available.
- Travel, work, and study with potential assistance near by, when possible
- Analyze surroundings for opportunities to escape, hide, and to obtain help and witnesses
- Analyze surroundings for potential criminal access, ambush, and activity
- Know the locations of emergency phones
- Know the locations and call numbers of emergency responders
- Practice describing people and events in a way that supports appropriate response by others
- Opt in for safety and security alert systems
- Notify others when working at unusual times or in unusual locations

WEAPONS POLICY

The unauthorized use, possession, or storage of weapons, fireworks, or explosives is prohibited on the Peralta Community College District (PCCD) premises, at any PCCD sponsored activity, or in vehicles parked on the premises. Weapons are defined as including, but not limited to: firearms, pellet guns, bows and arrows, martial arts equipment, switchblade knives, swords, large knives, clubs and other blunt force instruments.

BIKE PATROL

Peralta’s Safety commitment for continuous improvement towards enhancing the personal safety of student, staff and visitors... The bikes will allow safety ambassadors to reach locations inaccessible to a vehicle and at the same time respond quicker than safety ambassadors on foot.

PARKING & TRAFFIC REGULATIONS

All provisions of the California Vehicle Code apply to individuals and to vehicles being driven on and about campus property and parking lots. All vehicle codes, including 21113 C.V.C., are strictly enforced. The speed limit is 5 m.p.h. in campus parking lots and property. Students may only park in designated student parking areas.

Persons must obey all California Vehicle Codes and carefully read and follow the campus parking and traffic signage. Illegally parked vehicles will be cited and/or towed at the owner’s expense. For towed vehicles, contact Peralta Police Services at (510) 465-3514. Parking violations are enforced 24 hours a day, seven days a week, including holidays.

Questions, suggestions or concerns regarding campus safety and security may be directed to the Dispatch Office at (510) 465-3514. Your concerns will be treated with confidentiality and care.
College officials do not have the authority to rescind or to arbitrate citation matters.

Students must not park in staff parking areas, red zones, yellow (loading zones), green 30 minute zones or in other unauthorized areas. Disabled student parking areas are available and posted with blue paint and handicapped parking signs.

“Handicap Accessible” signs mean the area is accessible by persons with disabilities; it does not mean it is designated for “Handicapped Parking”.

Disabled students must also properly display their daily or semester parking permit (and a Student I.D. Decal if they attend Laney) along with their D.M.V. issued handicap placard and/or handicap license plate.

Staff must properly display their staff parking permit along with their D.M.V. issued disabled placard and/or disabled plate.

Daily parking permits expire at 10:45 p.m. each night and the parking lot gates are locked and secured at 11:00 p.m. each evening. Overnight parking is not authorized and vehicles will be towed at the owner’s expense. (Contact Peralta Police Services for towed vehicles at 510-465-3456).

Visitors may park in the green 30 minutes zones at Merritt and College of Alameda if they are staying only 30 minutes or less. Visitors may park lawfully on the street at campuses with street parking, (metered zones require coinage). Special guest permits may be obtained through the business offices, and the Department of General Services in the District Administration Center (DAC). Semester parking permits may be purchased for the student parking at Laney, Merritt and College of Alameda campuses for $40.00 ($20.00 for motorcycles).

The summer session rate is $20.00 for cars ($10.00 for motorcycles). Rates are subject to change. You may choose to pay for parking on a daily basis, rather than purchasing a semester permit. The cost of daily parking is $2.00 per day (exact change only). The daily permits may be purchased from the ticket machines located in the parking lots.

In addition to the daily parking permits, Laney College students must properly display a “STUDENT I.D. DECAL” (hanging from the rear view mirror with the numbered side facing outward), in order to park in a student parking lot or you will be cited.

Student I.D. Decals are issued, initially, at no charge and can be obtained from the Cashier’s Office. (There is a $10.00 replacement cost for lost or stolen Student I.D. Decals).

Unlike Laney, Merritt and College of Alameda, the Berkeley City College campus has no parking lot; therefore, Berkeley City College does not honor parking stickers from other Peralta Colleges. There is no designated public parking lot at Berkeley City College.
