solutions
If you only attend one seminar this year, this is the one.

What Now?
Navigating The Current Economic Climate

• How bad is it? Understanding the differences between a recession or a depression?

• Five things you should do today to properly position your portfolio in these economic times.

• The big picture - The importance of longer investment horizons, disciplined investing and a diversified portfolio.

• Sell, hold or buy? Making good decisions during difficult markets.

• Five steps to take control of your financial future.

• Six reasons for optimism going forward.
