Kaiser Office Visit Co-Pay Reimbursement Update

- Reimbursement requests received by December 31, 2016 are still in process. We expect to have the semi-annual reimbursements completed by the end of February.

- Incomplete Reimbursement Claim forms are delayed in processing.

- Remind your constituents to:
  - complete the Kaiser Co-pay Reimbursement Claim forms
  - attach receipts requiring reimbursement
Compliance Updates

**IRS Form 1095-C Distribution Update:**
The District and its agents will issue the IRS Federal Form 1095-C by the March 2, 2017 deadline. As in the past, Form 1095-C will be mailed to the home address on record to employees and retirees covered under a Peralta group insurance plan in 2016. In accordance with the Patient Protection and Affordable Care Act, the District is required to issue the 1095-C annually.

The 1095C will be issued according to the schedule below. If you or your eligible dependents were enrolled in the District’s:

- Kaiser plan during any part of 2016, then the Form 1095-C was issued during the week of February 5, 2017 from Kaiser.
- Self-funded plan, currently administered by CoreSource, during any part of 2016, then the Form 1095-C will be issued by the IRS deadline of March 2, 2017.
Universal Availability-Notice to Employees- Opportunity to Make Elective Deferrals to the Peralta Community College District 403(b) Plan

This is to notify you that if you are a **Peralta Community College District** employee, you are eligible to make a pre-tax elective deferral from your salary to the Peralta Community College District 403(b) Plan (the "Plan"). To make an elective contribution to the Plan, you must submit a Salary Reduction Agreement to the Plan’s Third Party Administrator, MidAmerica Administrative & Retirement Solutions. You may make, change, or stop such an election to contribute as often as you wish, and it will be effective on the date indicated on the Salary Reduction Agreement (SRA) or the next payroll date after it is approved by MidAmerica.

Such elective contributions are subject to applicable Internal Revenue Code limits and the terms of the Plan. The contributions may be suspended for six months following a distribution to you from the Plan if you take a financial hardship withdrawal.

* Self-funded plan, currently administered by CoreSource, during any part of 2016, then the Form 1095-C will be issued by the IRS deadline of March 2, 2017

Look after #1 (Yeah, that’d be you)

Take control of your health for you... and everyone you love
Why should you get healthy or work to stay healthy? Because you’re not the only one impacted by your health. Managing your health and adopting healthier behaviors today might mean being around for a birthday, graduation, or anniversary tomorrow.
Staying healthier also means fewer medical bills, which means more money in your pocket. Maintaining your health is a critical part of your financial security now and in the future.
But getting and staying healthy can be hard. Though the YouCare program from CoreSource is a health and wellness advocate on your side to help you make and maintain healthy changes so your journey to better health is one you have to make alone.

The YouCare Program helps you:
- Get on track with preventive tests and screenings, including through YouCare’s Health Risk Assessment (HRA), which gives you an overall assessment of your health.
- Easily manage your health with convenient, personalized prevention and reminder text messages.
- Take control of your own health through online, self-directed coaching programs.
- Manage lifestyle changes like cutting smoking, losing weight, maintaining healthy nutrition, and decreasing stress levels.
- Manage conditions like diabetes or high blood pressure, if you are eligible.
- Access a cost transparency tool to help you manage your healthcare costs.
- Connect to medical care over the phone or video chat, including pharmacy coordination, so you can get quality care any time, from anywhere.

Assess your current health in three easy steps
1. Log on to myCoreSource.com.
2. Click the HealthCenter tab.
3. Select the HEALTH RISK ASSESSMENT banner on the home page.

Now your cell phone is an important health tool
With everything happening in your life, it’s easy to push your health to the backburner. But now YouCare can help you make your health a priority.
We can now connect with you via text messages with helpful, personalized reminders to help you get the most out of your benefits. Keep your Healthcare costs down, meet your health goals, or manage existing conditions or new diagnoses. Now with YouCare the path to better health is just a text message away.

Address lifestyle issues
The road to better health isn’t a quick fix; it’s about sustained change. But YouCare can help. After you take your HRA, explore the health information at your fingertips on the HealthCenter, including fitness and nutrition plans, a family health guide, a personal health record, goal trackers and calendars, BMI calculators, daily health tips, and more.
YouCare also offers online, self-directed coaching.

Incentive programs with rewards
Completing your Health Risk Assessment (HRA) helps you take control of your health, and now it also earns you a chance to win a $500 gift card, courtesy of CoreSource.
Talk to your employer about additional incentives that may be available to you for participating in the YouCare program.

Take steps to better health
For more information, call us at 866-454-8445. Take advantage of our experts, talk to your doctor about preventive health screenings, and use new YouCare tools and the HealthCenter to support your way to better health.
Become the best, healthiest you for everyone who loves and depends on you. And save money on your healthcare by seeking the best treatment, prevention. Don’t be afraid to make some real changes in your life, and remember, you don’t have to do it alone.
New Cards/MyCoresource.wire/Teladoc FAQ

New Cards

Q1: Why did CoreSource issue new cards?

Answer: CoreSource mailed out new cards to current members in order to:

- Introduce new and convenient services which may be useful
- Incorporate the use of technology in the delivery of medical information directly to enrollees.
- Also, we have not issued new ID cards since 2013 and it was a good time to ensure that everyone has the correct updated ID cards to ensure smooth/seamless submission and processing of their medical claims.

Q2: May I use my old card?

Answer: You can continue to use the old card, but you will be unable to take advantage of the services intended for use with a smartphone. We encourage members to throw away their old cards and replace with their new cards even if they chose not to register their card. We want to ensure that members are using the most current ID card produced to ensure that their claims are submitted and processed without delay. The new ID cards will still work if you do not call to register them. If you do not register, you cannot take advantage of the new communication tools that we are offer to the health plan members.

Q3: What is myCoresource.wire?

Answer: myCoresource.wire is a way for CoreSource to digitally communicate with health plan members to help them be better consumers and healthy individuals

Q4: Can I use myCoresource.wire without a landline?

Answer: myCoresource.wire is intended to send digital communications, and works with smartphone features only at this time.
Q5. What is Teladoc
Answer: Teladoc is a access point to provide you and your eligible dependents access to U.S. board-certified doctors and pediatricians by phone or video 24/7/365. Participation is voluntary.

Q6. How do I set up an account?
Answer: Please visit Teladoc website at Teladoc.com, click “Set up account” and provide the required information. You can also call Teladoc at 1-800-TELA DOC for assistance over the phone.

Q7. What type of conditions can Teladoc diagnose and assist with treatment?
Answer: Sinus problems, Bronchitis, allergies, cold and flu symptoms, respiratory infections and more!

Q8. Can Teladoc be used as a replacement for my primary care physician?
Answer: No, Teladoc is a convenient and affordable option that allows you to talk to a doctor who can diagnose, recommend treatment and prescribe medication, when appropriate, for many of your medical issues.

Q9. How credible are the physicians I am speaking with?
Answer: Teladoc doctors are U.S. board-certified, licensed in your state and average 15 years of practice experience.

Q10. Could Teladoc coordinate with my Primary Care Physician?
Answer: Yes, with your consent, Teladoc could provide information about your consultation to your primary care physician.

Q11. Can Teladoc handle my emergency situations?
Answer: No, Teladoc is designed to handle non-emergent medical problems. You should NOT use it if you are experiencing a medical emergency.

Q12. Is your electronic health record kept private?
Answer: Yes, health records are kept private and Teladoc employ robust encryption methods to protect your personal information. You can determine who can see the information in your record.

Q13. Can I call Teladoc outside of the United States?
Answer: No, Teladoc visits are unavailable outside of the United States.
