Open Enrollment

✓ What is Open Enrollment?
  ✓ Open Enrollment is the annual opportunity for eligible employees/retirees to change or enroll in medical and/or dental plans
  ✓ Add or delete a dependent to the group insurance plan

No plan changes for this year.
  ✓ Plans remain status quo and rates will renew on July 1, 2017 as in the past.
  ✓ No changes to plan partners or plan features - status quo remains

✓ When: New window May 15 – June 15, 2017
✓ Effective date of changes: July 1, 2017
✓ How to make changes:
  ✓ Actives: change via benefitbridge
  ✓ Retirees: continue to use the Universal Benefit Enrollment Form

Glide path typically 10% of our eligible population who make a plan change each year
Open Enrollment

Communication Pieces:

Open Enrollment Announcement (4 pages) mailed to home addresses
   May 10
   - actives
   - retirees
   - survivors
   - cobra participants

Full 2017-2018 Employee Guide available on May 12

Update on Email List Serve for Peralta Retirees
Antoine Mehouelley, Information Technology Director

Objective is to prioritize the post-employment access to Peralta email.

• Pro’s:
  – Ongoing access will allow the District to
    • promote fiscally sustainable communications with those eligible for post-employment benefits
  – Communicate time sensitive information

• Considerations:
  – Integrating the use of self-services available through current and/or emerging District technology
  – Security
  – District Priority
  – Ease of use
  – Maintenance
Upcoming Surveys

2017 Survey of Employee/Retiree Feedback
Review of Past Results
Employee/Retiree Activities 2017

• Wednesday, April 26, 2017
Q1: Each year the Benefits Office enlists feedback from our community of employees and retirees to help us plan upcoming events. In keeping with past surveys, we are excited to hear from you. Let us know your preference for workshops over the next year.

- **Answered: 193**   **Skipped: 0**
Q2: We like to hold events which bring the Peralta community together (employees, retirees, children, extended family, etc.). What type of fun or community building events would interest you? (In the past we have hosted picnics, a cruise, basketball nights-any proceeds go to the Peralta Foundation.) Check all that apply.

- Answered: 193   Skipped: 0
Q3: The District has a benefits website which serves as a resource for convenient access to information 24/7. On our Peralta benefits website you find historical newsletters, updates and benefit provider links. The homepage does not require a password. The website is updated bi-monthly. What reasons have you visited the Peralta District benefits website in the last year? Check all that apply.

- For updates to workshops and... (Answered: 193, Skipped: 0)
- For wellness resources
- For tax deferred...
- For links to other...
Q4: Since October 2014, active employees have been using the online benefit enrollment portal BenefitBridge to affect changes to medical and dental plan coverage (add dependents, remove dependents, update life insurance beneficiary information and more). Have you used https://www.benefitbridge.com/peralta to verify your life insurance beneficiaries?

- Answered: 193    Skipped: 0
Q5: Have you accessed the District's Health and Wellness portal on the Peralta benefits homepage?

- Answered: 193  Skipped: 0
Q6: What type of District-sponsored communications and/or events would you like to see focusing on health and wellness in the Peralta Community (check all that apply)?

- Answered: 193   Skipped: 0
Q7: If you are enrolled in a Peralta group-sponsored medical and/or dental benefit plan, have you logged into your carrier's website (Kaiser, Delta Dental, CoreSource, United Health Care Dental) to explore interactive services?

- Answered: 193    Skipped: 0
Q8: A health-risk assessment is usually an interactive data collection questionnaire that provides the taker with tips or resources to how to manage one's personal health. Have you taken a health-risk assessment in the last 12 months?

- Answered: 193  Skipped: 0
Q9: Has anyone in your family covered under a Peralta plan taken a health risk assessment in the last 12 months?

- Answered: 193  Skipped: 0
Q10: The "Peralta Benefits Everyone" Newsletter is distributed frequently to staff, faculty and retirees of the District via campus mail, email and home mailings. In 2017 we are transitioning into more green and sustainable communications. The Peralta benefits homepage will store communications for easy and convenient access. As we make efforts to "go green" and paperless, the Benefits Office wants your feedback on your preferred method of communication.

- **Answered:** 193  **Skipped:** 0
Q11: We continue to engage the Peralta Community in wellness activities. We are partnering with the "Mind Your Health educational campaigns" the Employee Assistance Plan (EAP), Kaiser and other partners to deliver a variety of seminars and to offer wellness-centered activities. We are thinking about offering brown-bag webcasts at each campus. Please select the top 5 seminars that you are likely to attend.

Launching a Health Risk Assessment Campaign

A health risk assessment (HRA) is a tool used to assess employees’ health behaviors and how well they meet current “good health” recommendations. It provides participants with immediate, personalized feedback. Because it is a valuable tool, a campaign to encourage HRA participation is key.

Target audience for an HRA

All employees can benefit from taking an HRA. It provides individuals with the opportunity to gain knowledge of their current health and lifestyle risk factors, while providing the organization with aggregate reporting on overall employee risks.

Benefits of conducting an HRA campaign*

HRAs can:

- Allow an employee the ability to monitor his or her health over time, providing motivation for lifestyle changes
- Provide important information concerning employees’ readiness to change
- Help employers measure and monitor the health of their overall employee populations
- Provide employees with important information that can help them build results-oriented health promotion programs
- Allow employers to evaluate changes in health behavior and health risks over time
- Engage both employees and employees in the health management process

What does the HRA provide to the YourCare program?

The HRA provides an opportunity for individuals to assess their health status and the lifestyle choices that influence their health and well-being. This comprehensive tool asks a series of questions covering smoking, safety, stress, nutrition, physical activity, prevention and health history. The HRA also evaluates certain biometric measures, including weight, height, blood pressure, blood cholesterol and blood glucose.

A confidential, personalized report is automatically generated and provided to employees using a secure Internet protocol. Participants’ reports include summaries of their results, as well as suggested action plans and resources to help them better manage their health behaviors and risks.

Timeline for launching an HRA campaign**

An HRA can be taken at any time. It is recommended that you hold an annual HRA campaign to re-evaluate and update participant information and to help you continually gather information to strengthen your health and wellness program.

Suggested Timeline:

- 14 weeks prior to HRA launch – Select your incentive (if applicable).
- 12 weeks prior to launch – Create your communications campaign/plan.
- 8 weeks prior to launch – Finalize and distribute your initial communication announcing the program. This should include the purpose of the HRA, how long the assessment takes to complete, and language regarding confidentiality and privacy of individual data. Information about any incentives should be included in the announcement, as well as how they are awarded.
- 1-4 weeks prior to launch – Send a follow-up e-mail to remind employees about the upcoming HRA campaign details.
- HRA launch day – Send eligible employees an e-mail with instructions on how to access and complete the HRA.
- 1-2 weeks after the HRA launch date (depending on the length of your HRA campaign) – Send a reminder e-mail to the eligible employees, reminding them to complete the HRA including the deadline for completion.
- One week before the end of the campaign – Send a final reminder e-mail to those who have not yet completed the HRA.
- 1-2 months after HRA is completed – Review aggregate report (if applicable) and decide what health promotion programs you may want to implement.

Joint Powers Authority
(Definition)

• What is a JPA?
  – A JPA is an entity of two or more public agencies which can operate collectively for the purpose of improving buying power (of health insurance).

• Why a JPA now?
  – In short, if Peralta considers joining a consortium of school districts which offers a Kaiser plan design like ours, maybe we can:
    – receive a better pricing due to economies of scale and
    – recognize stabilized rate fluctuations. We are already part of a JPA for dental insurance.

• Perhaps other issues could be addressed through a JPA (medical plan buy-in, out of California medical plan networks).

The District last explored the viability of participating in a JPA in 2012.
ACA Update
What’s Next for the ACA?

• Under the Affordable Care Act, we are required to provide the 1095c’s

• The 1095C is also referred to as the healthcare w-2;
  • Over 2100 IRS form1095c were issued for the reporting year 2016 and by the prescribed IRS deadline of March 2, 2017
Next Meetings & Share the Information

Next Meetings:
✓ May 11, 2017
✓ Presentation by consultant, Alliant

Pass along & share
  Remind your constituents of upcoming events as noted on previous slide
  ✓ Address changes self-service-an added convenience.
