

# Helping to make your dental experience easier

## Welcome to your California Select Managed Care DHMO\* dental plan

With this plan, your coverage begins right away. You don't need to meet a deductible. There's no annual limit to how much the plan will pay each year, and the plan may include care for dental issues you may have had before enrolling.

### Your primary care dentist

When you enrolled in the plan, you may have chosen a primary care dentist to oversee your dental care. If you don't have a dentist—or if you want to change your dentist—call Customer Service at the number on your ID card or visit [myuhc.com](https://myuhc.com)<sup>®</sup>. Be sure to choose a dentist before the 20th of the month. Your new dentist will be effective by the 1st of the following month.

If you don't choose a network dentist, you won't be able to get dental care or use your benefits, except in an emergency.

### Preventive care

As long as you see your primary care dentist, your plan pays for all or most of your preventive dental care, including routine checkups, cleanings and annual oral cancer screenings for adults. You can get 2 cleanings in a 12-month period—1 every 6 months. Some plans cover more cleanings for an additional copay.

Preventive visits are important because your dentist can catch problems early when they're easier to treat. Good oral health is also linked to good overall health.

### Fillings, crowns and more

Your plan covers other types of dental care, including fillings, crowns, teeth whitening, implants and braces. You just need to pay a copay at the time of your appointment. Some plans only cover silver fillings for back teeth. If you choose white fillings, you may have a higher copay.

### Cosmetic procedures

Some cosmetic procedures, such as teeth whitening, are covered by your plan. Refer to your plan documents or call Customer Service for details.

### Get the most from your benefits

# Make the most of your dental plan

You can see your plan details, check claims and learn about oral health on [myuhc.com](https://myuhc.com).

## Find a network dentist

You have 2 options to find a network dentist:

1. Log in to [myuhc.com](https://myuhc.com) and use the **Find a Dentist** tool to search by name, facility or location. You'll see a list of dentists who are part of your network.
2. Call the Customer Service number on your ID card

If a network dental provider is not available within a reasonable distance of where you live or work, you may be referred to an out-of-network dental provider and still receive services at the network rate. Please see your official dental plan documents for details about your coverage or call the number on your ID card.

## Use your dental ID card

Your ID card lists the name of the person who signed up for the plan, but everyone covered by your plan should use it. Be sure to bring it with you each time you see the dentist.

Print your ID card anytime at [myuhc.com](https://myuhc.com).
