6. Perform one of the following:

| If  | Go To          |
|---|----------------|
| You need to drop a student from the roster                              | <b>Step 7</b>  |
| You need to record an early alert for a student                         | <b>Step 11</b> |
| You are finished with changes and are ready to submit the census roster | <b>Step 15</b> |

7. In the **Drop Date** column, click the [NONE](#) link for the student you want to drop from the class.

Note the ID of the student and compare to the **EmplID** displayed in the following dialogue box. This will decrease the possibility of dropping a student from the roster in error.
