Subject	Motion on Building Projects
From	Jannett Jackson
To	Calvin Madlock
Cc	DTC
Sent	Friday, April 05, 2013 11:50 AM

Hello Everyone-

Please review the below motion that will be voted on at the next DTC meeting. Please provide any comments to "reply all" so that this can be accomplished expeditiously at the next meeting in May.

The DTC recommends that the Office of General Services clearly articulate and consult with the District and Campus I.T. representatives on during the initial and ongoing phases of any building projects (renovations and/or new construction) to ensure technology planning is integrated into the building planning process

Thanks for all you input, but please "re-write" the motion as you would like for it to appear before the DTC at its next meeting.

Regards;

Dr J~
