Community College District

DEPARTMENT OF INFORMATION TECHNOLOGY

Process: Updating Instructional Technology Standards

1. Every year:

- Faculty to complete survey of instructional technology usage.
- IT team to collect technical data usage of instructional technology usage.

2. Every 3 years:

- Compile data (surveys and technical data usage).
- ENG recommends changes to standard and presents to DTC.
- DTC will vet recommendations and move through shared governance process.
- DTC to approve new instructional technology standard.

Information compiled from the **ENG** (Engineering Networking Group)
