

BERKELEY CITY COLLEGE

COLLEGE FACILITIES PRIORITY NEEDS LIST

Nov. 4, 2011

Items prioritized by critical need

Item

1. Purchase of a building situated close to the 2050 Center Street location, to meet the urgent space needs of the college in its current size and configuration. *[NOTE: Process for this currently underway, so six-month timeline is appropriate; funding already allocated to BCC for this purpose from Measure A.]*
 - a. Construction programming necessary for any safety/operational alterations to the building;
 - b. FF&E for the new Building location

2. Completion of phase three build-out of the 2050 Center Street building, with primary activities around science labs, art lab, related FF&E and electrical upgrades. Additional projects included in phase three during planning activities, but considered small enough to not require being added to the DSA plans prepared for review are:
 - Moving a closet wall and adding access to the closet from another classroom
 - Locating data and electrical for essential room functionality (rooms 125, 165,
 - Creation of lab technician work spaces in science labs.
 - Hand-dryers in BCC restrooms (have Charles Neal review "green" aspect).
 - Feasibility study of roof usage for functionality related to sciences (biology-
[NOTE: General Services reports construction will begin January 16, 2012, so the six-month timeline is appropriate; funding already allocated to BCC for this purpose from Measure A.]
