

PERALTA COMMUNITY COLLEGE DISTRICT SSSP Working Group

A recommendation from the SSSP Working Group to SSSP Committee is to make COUN 201 mandatory district-wide. The SSSP Working Group discussed two options below.

Option 1

The recommendation is to make COUN 201 be a mandatory course district-wide and it can only be dropped by meeting with a counselor.

Option 2

The recommendation is to make COUN 201 a mandatory course which would allow the student to register in the class and automatically will remove the MATRIC Hold. If the student drops the course the MATRIC Hold would be put back on the student's account. The class would be tied to the matriculation hold and dropping would trigger the hold to be activated.
