FACILITIES

27. Consider approval of a Measure A Budget Appropriation and Transfer for the Laney BEST Center (No. 83). Presenter: Vice Chancellor Ikharo. Approval is requested to appropriate and transfer Measure A Bond Budget no. 83. This transfer is from the Library Learning Center project number (#2383) to the Laney BEST Center project number (#2437). Staff has obtained signatures and consent from the Administration (College President, Vice Chancellor of Finance and Administration, Vice Chancellor of General Services, and the Chancellor) for these budget transfers and appropriations for the November 10, 2015 Board meeting. On June 23, 2009, the Board of Trustees approved the Bond Measure (A and E) Spending Plan, which included budget appropriations, cash flow projections, and budget transfer procedures. Budget Transfer No. 83 (\$1,500,000) was approved by the Vice Chancellor of Finance and Administration. A current budget of \$5,050,331 was set aside to pay for the soft cost and the construction cost of the building. After the project went out to bid, the construction cost came in higher than what was projected. Therefore, additional funds of \$1,500,000 are needed to pay for the construction of the building. The total project budget is \$6,550,331. The construction of the Laney BEST Center comprises of two (2) Test Houses, each about 1250 gross square feet and a 2500 gross square feet Training Center. The buildings will be constructed to meet "Passivhaus", Leadership in Energy & Environmental Design (LEED) Platinum, and Zero Net Energy requirements.

During the design phase, the District administrators collaborated with stakeholders at Laney College to identify plant materials to be used on the project. The Governing Board of Trustees approved the contract award (Bid No. 14-15/10) to Solorzano Landscape Construction for the Laney College Planter Landscape Project at the March 24, 2015, meeting in the amount of \$135,000. There were no change orders or time extensions required on this project. Before the project-closeout, the contractor will replace some dead plants at no cost to the District this week. This resolution accepts the project as complete and the administration requests final acceptance of the project and release of the remaining 5% retention. The Chancellor recommends approval. Funding Source: Measure A.

31. Consider Approval of a Service Contract with Jackson & Son Plumbing for Districtwide Plumbing Repair Services. Presenter: Vice Chancellor Ikharo. Approval is requested for a service contract with Jackson & Son Plumbing for Districtwide Plumbing Repair Services, in the amount not-to-exceed \$46,257. During the 2014/2015 fiscal year, staff requested for Jackson & Son Plumbing to fix emergency piping, plumbing fixtures, and related equipment systems at different colleges: Laney College, College of Alameda, and Merritt College. The transaction was incremental that summed up to be \$46,257 and not one transaction. During the fiscal year, the price quote was not available to complete this transaction. This replacement was necessary to allow classes or the College Buildings to be functional and student's activities to utilize functional facilities. The contractor has completed the work. Board approval is required because the contractor's total contract amount exceeds the \$25,000 threshold for contracted services in the 2014/2015 fiscal year. All Board approved contracts are subject to final negotiation and execution by the Chancellor. The Chancellor recommends approval. Funding Source: General Fund.

32. Consider Approval of Amendment No. 3 to the Agreement with Quantum Energy Services & Technologies (QUEST) to Provide Engineering Services for the Districtwide Monitoring Based Commissioning (MBCx) Project, to include the Department of General Services and the College of Alameda 860 Atlantic Buildings. Presenter: Vice Chancellor Ikharo. Approval is requested of Amendment No. 3 to the Agreement with QUEST, in the amount not-to-exceed \$39,000. This request will incorporate the Department of General Services Building and the College of Alameda 860 Atlantic Building in the scope of services. The scope of work for these two (2) buildings was not included in the original agreement, Amendment No. 1 and 2. The scope of services will include: * Develop a metering scope for procurement (i.e., determine metering needs, develop design drawings for metering, and develop scope of work for metering installation.) * Building investigation (i.e., building assessment, review preliminary measures, and measure identification); and * Develop pre-installation baseline.

33. Consider ratification of Chancellor Approved Contracts with Tyco/Simplex Grinnell for Districtwide Monitoring Services and the Repair of the Main Police Services Fire Alarm Panel. Presenter: Vice Chancellor Ikharo. Currently, the District has an existing three (3) year term agreement with

Tyco/Simplex Grinnell for fire alarm testing, repairs, inspection, and maintenance, in the amount of \$410,391, approved on January 21, 2015; and Amendment No. 1 was for a time extension with an additional scope of work, in the amount of \$120,000. The reprogramming of fire alarm panels was not included in the original agreement due to unforeseen conditions. Therefore, a separate emergency service agreement was prepared in the amount of \$38,510, including \$9784; the vendor's total cumulative contract amount will be \$578,685. Ratification is requested for Chancellor approved contracts with Tyco/Simplex Grinnell for the Districtwide Monitoring Services and the Repair of the Main Police Service Fire Alarm Panel, in the amount not-to-exceed \$9,784. At the October 20, 2015, Board meeting a contract was awarded Tyco/Simplex Grinnell to reprogram the District's fire alarm panels at four campuses (Aviation, College of Alameda, Laney College and Merritt College) due to the loss of telephone services from each campus. After the reprogramming activities were completed, additional scope of work (\$8,076) was needed for Tyco/Simplex Grinnell to provide monitoring to meet code requirements. The monitoring contract will allow Tyco/Simplex to alert District Police Services in the event of a fire event. The cost of \$1708 will pay for the investigative service of the main fire alarm panel in Police Services to ensure that the panel is functional and meets all current code requirements.

34. Consider Approval to Procure Work Order Software Licenses from Maintenance Connection, from November 2015 to June 2018. Presenter: Vice Chancellor Ikharo. Approval is requested to procure work order software licenses from Maintenance Connection from November 2015 to June 2018, in the amount not-to-exceed \$55,892.00. The District has an obsolete software that does not functionally support stakeholders use. To get a robust software to integrate with the Peoplesoft system, the Maintenance and Operations Department requested for proposals from various companies: eMaint, Megamation, School Dude, Maintenance Connection, and Oracle. Each company submitted their proposal and presented their software to the staff for evaluation. After an extensive assessment, staff is recommending Maintenance Connection due to its cloud based storage, ability to interface with PeopleSoft, support services and ease of use. Maintenance Connection is located in Davis, California; therefore, there is proximity and accessibility to the vendor if needed. Board approval is required because the contractor's total contract amount exceeds the \$25,000 threshold for contracted services in the 2015/2016 fiscal year. All Board approved contracts are subject to final negotiation and execution by the Chancellor. The Chancellor recommends approval. Funding Source: General Fund.

35. Consider Approval of Amendment No. 1 to the Original Agreement with BEARCOM Wireless Worldwide for the District-wide Two-Way Radio System (RFP No. 14-15/13). Presenter: Vice Chancellor Ikharo. Approval is requested for Amendment No. 1 to the Original Agreement with BEARCOM Wireless Worldwide Original Agreement for the District-wide Two-Way Radio System (RFP No. 14-15/13), in the amount not-to-exceed \$47,086. In the process of reviewing and programming the radios for delivery, staff discovered that the frequencies and areas of coverage did not extend to College of Alameda Aviation campus that was not included to receive repeaters. The District IT staff recommended for the radio system to have an additional repeater for back-up for each college. Each repeater needs a backup in case of a failure of one repeater for each college. As a result, the cost of this repeater is \$8,944; and the cost to provide back-up repeater for the other four (4) campuses is \$38,142. At the July 14, 2015, the Governing Board of Trustees awarded BEARCOM Wireless Worldwide the contract to provide new radios District-wide, in the amount of \$259,033. If Amendment No. 1 is approved, the cumulative contract amount will be \$306,119. The Chancellor recommends approval. Funding Source: Measure A

36. Consider the Approval of Change Order No. 3 for the Merritt College Barbara Lee Science & Allied Health Center Project (RFP No. 11-12/01), Clark & Sullivan / Walsh Construction. Presenter: Vice Chancellor Ikharo. Approval is requested for Change Order No. 3 to the contract with Clark & Sullivan / Walsh Construction, in the amount of a deduction of (\$46,720.56). This Change Order #3 is a deductive Change Order request of (\$46,720.56). This deductible change order is as a result of not using all of the project's budget allowance that was incorporated in General Contractor's contract and is now being returned to the District. The Governing Board of Trustees approved Change Order #1 (\$294,534) on April 8, 2014; and Change Order #2 (\$830,020.00) on September 23, 2014. The cumulative total of those two change orders was \$1,124,554 or 2.6% of the original contract sum. Change Order #3, the final change order for this project, will reduce the cumulative total to \$1,077,823.44 or 2.5% of the original contract sum.

37. Consider Ratification of a Chancellor Approved Letter of Intent of Agreement with Schneider Electric USA Inc. for the Microgrid Project at Laney College. Presenter: Vice Chancellor Ikharo. Ratification is requested of a Chancellor approved letter of intent of an Agreement with Schneider Electric USA Inc. for the Microgrid Project at Laney College at no upfront financial obligation to the District. On October 6, 2015, the Chancellor authorized for Schneider Electric USA Inc. to prepare a proposal, responding to the California Energy Commission's (CEC) grant (GFO-15-308), Reducing Costs for Communities and Businesses Through Integrated Demand-Side Management and Zero Net Energy Demonstrations. If successful, the District has an opportunity to receive about a \$5 million grant funding to install a Microgrid system. This letter of intent agreement is a pre-agreement in a good faith effort for the vendor to undertake and complete the drawings and technical scope of work to enable the District to compete for the CEC grant. The District intends to apply for the grant, that is expected to reduce the Laney College's energy cost approximately \$77,000 - \$400,000 annually. The District intends to negotiate an agreement with Schneider Electric for the implementation of this fuel cell technology and perform their design and engineering services as outlined in the letter of intent. If the District fails to reach an agreement with the vendor, the administration will then procure the design and engineering for \$72,000 and open the project for bidding.
