

BOARD POLICY 5400 ASSOCIATED STUDENTS ORGANIZATION

The Associated Students Organization at each college and the District are recognized by the District as an integral part of a community college's governance and total program.

The District recognizes the importance of student input in the decision-making processes of the District, and of allowing students to expand their college learning experiences through actively participating in the democratic process of student government.

The President of each college, and the Chancellor of the District are authorized to provide adequate facilities, to allow time for individuals and groups to participate in such activities and to provide assistance for planning and supervision of these activities.
